## Price Of Gasoline Going Up

War Scheduled To End Today

By VIRGIL FALLOON  
Star Staff Writer

Lincoln's three-month-old gas price war was scheduled to end Thursday morning, according to reliable sources.

Name-brand gasoline prices were to be posted at 28.9 cents at the beginning of business Thursday, returning the price to within one cent of what it was when the war began the last week in October.

By Nov. 2, major brand stations were selling regular gas at 22.9 after hitting a temporary low of 21.9 in some cases. Premium gas was three cents higher.

Independent dealers maintained a price of 21.9 during the period for regular gasoline.

Resulted From 'Spread'

Most informed sources agreed the price war resulted from the three-cent spread last October between the major oil company stations and the independents.

An understanding had been reached, sources said, between the majors and independents to reduce the spread to one and two cents.

Independent stations on the highway were expected to post prices of 26.9 and 28.9 cents for regular and premium, while the independents in Lincoln were expected to post 27.9 and 29.9, the sources said.

Major oil stations were to begin charging 28.9 regular and 31.9 premium, they added.

Several major oil company spokesmen said it was their understanding the price war would end Thursday, but declined to be quoted on details.

'Dealers Glad'

Bill Denek, president of the Lincoln Petroleum Retailers Association, said "dealers will be glad to see the war end. After the initial gasoline buying spree, the war was a hardship for the average station."

Denek said the return to a 28.9 price instead of the former 29.9 cents will result in a one cent loss per gallon for dealers as compared with their former margin.

A one-cent margin loss apparently is going to have to be absorbed by the station operator rather than the supplier, he said, anticipating a dealers' protest may be handed the major companies.

Details of the war's end were verified by Herb Hahn, executive secretary of the Nebraska Petroleum Marketers, an organization of independent oil jobbers.

Hahn said the independents would raise their prices in the hope that the majors would follow suit.

Mass Production

BLOOMINGTON, Ind. (AP)—Radio Corp. of America announced Wednesday the start of mass production of color television sets in its plants here and at Indianapolis.

The announcement was made by Robert A. Seidel, RCA executive vice president, to 60 newspapermen from around the country who toured the Bloomington plant.

Seidel called the Bloomington plant the "largest color television mass production facility in the nation."

The Weather

NEBRASKA: Generally fair through Friday. Colder extreme southeast through Thursday night. High Thursday 10-20.

KANSAS: Considerable cloudiness east. Mostly partly cloudy northwest through Friday. Snow ending southeast Thursday morning. Intermittent snow southwest through Friday. Colder east, south central high Thursday near 10, northwest, 20s southeast.

## Shivering Weather Moves In On State

Light Nighttime Fall Drifts Over Whitened Southeast

Southeastern Nebraska got some additional snow Wednesday night, and blowing snow was reported drifting on north-south roads in the area.

Meanwhile, colder sub-zero temperatures gripped the snow-covered state.

The snowfall Wednesday evening was light, although the Weather Bureau had forecast heavy snow for the area during the night. The new fall came on top of an earlier blanket which measured as much as eight inches deep.

From Tecumseh came a report that country roads in the area were drifting badly. Highways, too,

were drifting, but none were reported closed. At Falls City there was some light snow with blowing and drifting.

But the forecast for Thursday called for a halt to the precipitation and return to colder temperatures. Generally fair weather was predicted through Friday.

Colder temperatures were to dwell in the snow-blanketed southeastern portions of the state through Thursday night and highs were predicted to rise to only 10 or 20 degrees.

By early Thursday morning, temperatures slid downward over all of Cornhuskerland.

Valentine's mercury hit 10 below and was still going downward. Other below zero points included Burwell, Scottsbluff, Holdrege, Grand Island, Norfolk and Sidney.

Omaha's 9 above was the "warmest" point in the state. Lincoln reported 3 degrees.

Eastern Nebraska received the

### GROUNDHOG DAY

With the generally fair forecast Mr. Groundhog may find a chilly shadow—meaning, according to legend, that there will be six more weeks of winter.

The report to the President by Postmaster General Summerfield proposed postage hikes totaling approximately 406½ million dollars a year. The postal deficit in the fiscal year ended last June 30 was over 362½ million, and President Eisenhower's budget message forecast a rise to 440 million this year and 470 million next year.

In sending the report to the Capitol, the President said:

"I urge the Congress to give earnest attention to the proposals in the report."

In the past, Congress has taken no action on Eisenhower recommendations for higher postage rates.

The new Summerfield recommendations which Eisenhower approved call for:

1. "Raising the first class rate from the present 3 cents an ounce to 4 cents. Summerfield called that essential in order to provide for any sizable cut in the postal deficit. He also said that "because 75 percent of all letter mail originates with business," the increase would directly cost the average family only about 10 to 12 cents a month, and yet it would bring in 285 million dollars each year in new revenue.

2. An increase of 1 cent an ounce for air mail, which would bring the new rate to 7 cents and provide an additional 16 million dollars in revenue.

3. For second class mail, mainly newspapers and magazines, two successive annual increases of approximately 15 percent each. Summerfield estimated those increases would bring in an additional 17 million dollars a year. He said that for such mail "we now receive about 2½ cents a pound in postage and last year we spent 11½ cents to handle each pound before the recent pay increases (for postal workers) moved the cost up still more."

4. For third class mail, principally advertising matter, a rate increase averaging 30 percent to bring in an additional 77 million dollars.

"In total these increased revenues, plus other minor rate increases adding up to \$1,500,000 a year, will barely more than equal the sum of the annual wage increases granted last year to our employees and the annual cost of modernizing our physical plant," Summerfield advised the President.

Another not-in-the-public record agreement was said to be that Britain and the United States will continue testing atomic-hydrogen bombs, believing properly conducted tests involve no hazard to human welfare.

Stand For Liberty

The final documents were a communiqué and a "Declaration of Washington." The latter stressed that America and Great Britain stand for human liberty.

The declaration further warned that "Any free nation that may be persuaded by whatever threat, promise or enticement to embrace communism will lose its independence."

This was obviously intended as a strong cautionary note to nations which have accepted, or might accept, Russian offers of arms or economic aid. The declaration said Communist rulers have now added economic "penetration" to their other methods of seeking world domination.

## Fire Levels Waterloo Seed Co. Warehouse

WATERLOO, Neb. (AP)—The Cornhusker Hybrid Seed Co. warehouse burned to the ground Wednesday night.

There were no injuries as fire departments from Waterloo, Valley, Omaha, Fremont, Elkhorn and Irvington fought the high shooting flames.

Cause of the fire was not immediately determined and there was no early estimate of loss.

The structure was partly a two-story affair and partly one of three stories. One of the owners, B. W. Coy of Fremont, said it was used mainly for storing reserve supplies.

## Grant County Folks Fly High —Have 36 Planes Per Person

WASHINGTON (AP)—The Civil Aeronautics Administration said Wednesday Grant County, Neb., has more civilian airplanes per person than any other county in the United States.

Grant, with 29 planes and a population of 1,057—one plane to every 36 persons—has only two airports, both at Hyannis, Neb., the CAA said in a new study on "active civil aircraft."

But probably some of the planes are based on ranches, since the county has 57,210 cattle, the agency added.

Bank Deposits A Clue

"A clue to its ability to support 29 aircraft is found in the fact that Grant County bank deposits total \$4,371,000," the CAA said.

"In comparison with the 29 airplanes, the county has 173 automobiles on farms."

A Cause For Rejoicing

The owner of this cornfield northwest of Lincoln rejoiced, along with many other Nebraskans, over the snowfall which brought nearly 4 inches of new

snow to give the Lincoln area an 8-inch snow cover. Tecumseh, about 30 miles southeast of Lincoln, got the largest amount of new snow—8 inches—in the

welcome storm which blanketed most of the eastern half of the state Wednesday. Most of western Nebraska got smaller amounts. (Star Photo.)

## Two-Party, Enlarged Unicameral Gets State Demo Committee Backing

The Democratic state executive committee Wednesday went on record as favoring a slightly enlarged and partisan unicameral Legislature.

The action was taken at a meeting in Lincoln of the executive committee of the Democratic State Central Committee.

The party policy statement was prepared and introduced by Dr.

James L. Sellers, a member of the committee, who is a professor of history at the University of Nebraska.

The statement says that the "fundamental principles of democracy are freedom and competition," and claims that the "most fundamental" agency of political freedom is the two-party system.

"The parties provide the competing political units. Whatever strengthens the two-party system invigorates the sinews of democracy and of freedom and insures the longevity of our free society," the statement said.

Calling the Unicameral a "bold and noble experiment," the statement said it was "the logical place for the two party system to flourish."

The committee called for submission to the voters of two amendments to the Nebraska Constitution. One would provide for partisan election of Unicameral members, and the other would increase the size to between 50 and 70 members. The amendments also would allow the Legislature to "fix a modest and equitable remuneration for the services of its members."

Legislators' pay now is set in the Constitution, and the voters in 1953 turned down an amendment that would have allowed an increase in legislators' pay.

The state Democratic Party at its 1953 convention rejected a proposal for a partisan, two-house Legislature.

However, some Democratic leaders, including then state chairman

Lincoln Star Special

FREMONT, Neb. — State Republican Chairman William Spear of Fremont said Wednesday he favors a partisan unicameral.

The Nebraska Democratic executive committee approved such a proposal Wednesday at a meeting in Lincoln.

Spear said he didn't know the feelings of the Republican central committee but said that early in 1954 it had approved the idea of a partisan Legislature, either bicameral or unicameral. Nebraska's non-partisan unicameral was adopted at a general election Nov. 6, 1934 and went into effect in 1937.

Spear pointed out there are two possible methods of calling an election to amend the state constitution to vote on return to a partisan legislature. He said the next session of the Unicameral, which opens next January, could vote to put the issue before the voters or that petitions requesting an election be called could be circulated among the voters.

Spear estimated 65,000 signatures would be required to have such an election called.

An election "would be difficult" to arrange by either method, he said.

### Chairman Of State's GOP Likes Proposal

Lincoln Star Special

FREMONT, Neb. — State Republican Chairman William Spear of Fremont said Wednesday he favors a partisan unicameral.

The Nebraska Democratic executive committee approved such a proposal Wednesday at a meeting in Lincoln.

Spear said he didn't know the feelings of the Republican central committee but said that early in 1954 it had approved the idea of a partisan Legislature, either bicameral or unicameral. Nebraska's non-partisan unicameral was adopted at a general election Nov. 6, 1934 and went into effect in 1937.

## Fear Russ Lead

Draft Time For Some May Be Slashed

WASHINGTON (INS) — Defense Secretary Wilson conceded Wednesday that Russia may be outstripping the U. S. in developing long-range guided missiles and announced he is appointing a "czar" to oversee the American super-rocket program.

The secretary at the same time unveiled plans to release about 100,000 men from scheduled military duty in the next 18 months, a step he said may double the draft. A separate move would enable skilled and highly educated men to complete their active military duty in six months.

Wilson told a news conference that a new special assistant with extraordinary authority will be brought to the Pentagon to put on a "good staff program, backed by all the money it needs" to speed the construction of 1,500 mile medium-range and 5,000-mile intercontinental missile.

May Be In Lead

Asked about reports that Russia will have a 1,500-mile missile by the end of 1956, Wilson said it is known that the Russians have concentrated on rockets since World War II and that they may have gotten ahead in certain fields "while we were doing something else."

He added: "But I don't think the Soviets can make progress in all fields at the same time, as we do in the free world."

Earlier in the day, a congressional authority, Sen. Jackson (D-Wash.), warned the Soviets may be winning the missile race by doing so, could wreck U. S. overseas defenses through "ballistic blackmail."

Underscoring the importance of the rocket race with the Russians, Wilson said the new "single manager" for guided missiles will have more authority than any other special assistant in the Pentagon.

Broad-Authority

The secretary continued: "He will act in my name, and I am pretty sensitive about who does that. The only authority he won't have is to do the wrong thing for very long."

In a Senate speech, Jackson demanded an all-out U. S. program to insure American supremacy in nuclear push-button warfare and prevent the Reds from dealing a serious setback to the Western defense alliance.

The Washington Democrat expressed fears that Russia's intensive effort to develop intermediate ballistic missiles may result in the Reds firing a 1,500-mile missile this year.

Wilson said the "pre-release" program for 100,000 men is under "active consideration." It would permit draftees who have served 18 of their 24 months to return to civilian life, provided they signed up for two and a half years in the "ready reserves."

Would Double Induction

The Army draft has been running at 6,000 a month. Wilson said he thought this would at least double if the release plan is finally made effective.

There is a possibility, he said, that the program will be withdrawn if volunteering for the present six months modified universal training program improves. The six-month recruiting among teenagers has been lagging, but Wilson said that for the first time, more than 1,000 volunteers were obtained last week.

Eden To Speak

OTTAWA (AP)—Britain's Prime Minister Sir Anthony Eden will address a joint session of Canada's Parliament at 1:30 p.m. CS1 next Monday, Senate Speaker Wis Hart Robertson announced.

# Corn Acreage Cut of 15% Announced

## Nebraska Total To Be 4,965,412

State's Acreage Last Year Was 5,923,994

### From Press Reports

WASHINGTON — The Agricultural Department Wednesday announced an allotment of 43,280,543 acres for the 1956 corn crop in 23 states, including Nebraska.

The preliminary allotment for 840-county commercial corn-producing areas is 15 per cent smaller than last year's allotment for 803 counties included in the commercial areas for both years.

The department said that the extent of the adjustment for individual counties and farms will vary from this percentage because of acreage trends, crop rotation and other factors.

### Comparisons Various

The acreage allotments for commercial areas in state this year and last, respectively:

Iowa 8,201,379 this year and 9,636,820 last; Kansas 1,076,860 and 1,274,559; Missouri 2,814,884 and 3,281,548; Nebraska 4,965,412 and 5,923,944; South Dakota 2,319,492 and 2,726,309.

This is the third consecutive year that corn acreage allotments have been in effect. Compliance with farm allotments is a condition of eligibility for price supports in the commercial corn-producing areas.

The law exempts non-commercial corn areas from allotments but provides that when allotments are in effect, county loan and purchase agreement rates in non-commercial areas are to be three-fourths the rates of the commercial area rates.

### Support Rates Later

Price support rates for this year's corn crop will be announced soon by the department.

The proposed reduction in plantings is larger than it appears from a comparison of the allotments for the two years. Plantings in the commercial area last year was about seven million acres above the allotment. An estimated half of the farmers planted more than their shares.

Officials said the corn program sets a production goal of about 2,700,000,000 bushels — 1,900,000,000 in the commercial area — this year.

By comparison last year's crop was 3,185,000,000 bushels. The crop was supplemented by reserve and surplus supplies of a little more than one billion bushels from previous crops, most of it held by the government under price support operations.

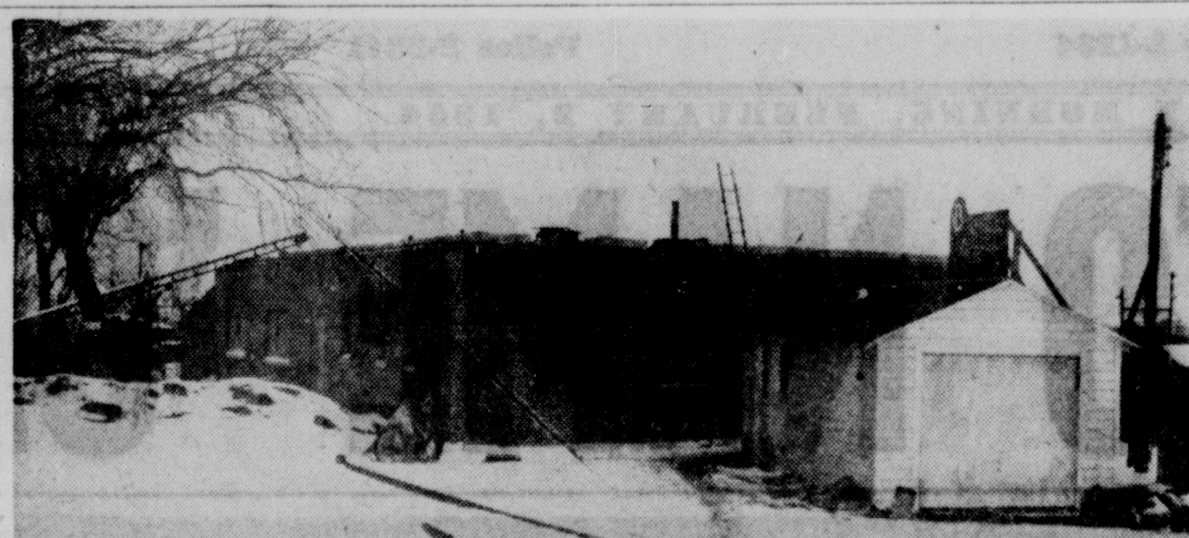

## Nixon Addresses Brazilian Labor

RIO DE JANEIRO, Brazil (AP) — Vice President Richard Nixon told Brazilian labor Wednesday the best answer to Communist tyranny is a "true people's democracy" striving for betterment of all its citizens.

Nixon headed the U.S. delegation for the inauguration of President Juscelino Kubitschek.

A Brazilian government source said Nixon was expected to announce Thursday a plan for increased U.S. economic aid to this country. This would be a boost for Kubitschek's campaign to improve Brazil's economy by all possible means, including the attraction of foreign investments.

On the domestic scene Kubitschek announced the lifting of censorship of the country's newspapers and radio. Censorship began Nov. 25 under a state of siege imposed after a military coup unseated a provisional government allegedly seeking to prevent Kubitschek's inauguration. The censorship did not apply to news dispatches sent abroad.

New Boys Dorm At Beatrice Nears Completion

Work on the main boys' dormitory shown here is virtually completed at the Beatrice State Home. When done the building will be used to house severe

mental cases and have four wards of 35 beds each. Supt. M. E. Wyant said some wards are overcrowded at the institution. The newly appointed Mental

Health Advisory Board has also recommended a resident psychiatrist and a resident physician. (Star Staff Photo)

## Sergeant Returning From Korea To Search For 'Stolen' Dog 'Diver'

LORDSBURG, N. M. (AP) — An Army sergeant is winging a sad journey home from Korea—willing to give up a month's pay and a 30-day leave if he can find his dog.

"It's the only thing I have to come home to," Sgt. 1. C. R. J. Hornback wrote his sister recently.

Four years ago, while Hornback was stationed in Germany, he met and fell in love with Diver, a fawn-colored black-faced German boxer.

When he was assigned to Korea last May, the 45-year-old sergeant left the dog in the States with his wife. His wife was killed in an automobile accident last November and the dog moved in with Hornback's sister and her husband Mr. and Mrs. H. H. Fletcher.

### 'Stolen'

But Diver vanished on Dec. 9. "He didn't wander off," Mrs. Fletcher said Wednesday. "He was stolen."

Hornback was heartbroken. His tour almost up, and his re-

## Bazooka Playing Bob Burns, 64, Said Near Death

ENCINO, Calif. (INS) — Bob Burns, 64, who parlayed some pieces of plumbing and an Ozark mountain background into theatrical stardom, lay near death Wednesday in a San Fernando Valley hospital.

Attendants at West Valley Community Hospital said the drawing radio and motion picture comedian of the late 1930s remained in critical condition with a kidney ailment.

He has been in failing health for the past three years and suffered a relapse last Saturday. He has been conscious for only brief periods since he entered the hospital. The doctor admitted:

"The situation doesn't look good."

Although the homespun comedian has been inactive in show business for 10 years, his laconic stories about his mythical relatives — Uncle Fud, Aunt Boo and Grandpaw Snazzy — in Van Buren, Ark., have been kept alive by television release of some of his motion pictures.

## Actor Divorced

HOLLYWOOD (INS) — TV actress Phyllis Avery was awarded a divorce from actor Don Taylor after she testified that her mate was nervous, moody and argumentative during the latter part of their 11-year marriage.

The actress waived rights to alimony from Taylor. The actor agreed to pay her \$300 monthly for support of their two children, Avery, 7, and Anne, 6. Proceeds of sale of the \$55,000 family home will be divided between the couple.

## Student Killed By Big Wind Tunnel Prop

FORT WAYNE, Ind. (INS) — A 22-year-old East Paterson, N. J., student was killed Wednesday when he was struck by a huge propeller in a wind tunnel that had been turned on by mistake by a fellow student at Indiana Technical College.

The victim was Alfred Conrad, a sophomore and Korean War veteran. He was the son of Mr. and Mrs. Alfred J. Conrad of East Paterson, N. J.

Young Conrad suffered a skull fracture and died at St. Joseph Hospital in Fort Wayne.

He was among an aeronautics engineering class that had gathered at the wind tunnel under the direction of instructor Donald Daikema of Fort Wayne.

The instructor asked for a volunteer to enter the tunnel to check the oil in the bearings of the propeller.

Conrad stepped up and, as he entered the wind tunnel, his classmates began to joke about turning on the huge propeller.

John E. Gilbertson, 20, of Fort Wayne who was standing near the propeller switch mistook the words "turn on the propeller" for order and threw the switch.

## Ainsworth Water Project Approval Said Forthcoming

WASHINGTON (AP) — The Interior Department has told Rep. A. L. Miller it will approve the Ainsworth Irrigation Project in north central Nebraska.

A bill by Miller to authorize the project has been approved by a House Interior Subcommittee, and the full committee will consider the bill.

Ainsworth, with a dam on the Snake River, would irrigate some 34,000 acres in Brown and Cherry Counties.

Miller said the Interior Department found the proposed Farwell Irrigation unit economically feasible. This project now is being put up to the governors of the 10 Missouri River Basin states for their approval.

The Farwell unit would be on the Middle Loup River in central Nebraska for irrigation of 44,000 acres in Sherman and Howard Counties.

## Man Alights From Bus, Hurt In Car Accident

Francis Heitmann, 19, of 3516 So. 46th, of the Lincoln Air Force Base suffered bruises and abrasions to his shins and hands in a car-pedestrian accident at 46th and Calvert Wednesday.

He was taken to Bryan Memorial Hospital where he was reported in good condition.

Police said Heitmann was walking around behind a bus from which he had just alighted when the accident happened. The car was driven by Robert Richards, 22, of 5217 Judson.

## Wilson Blasts 'Smear' Letter About Aid

WASHINGTON (AP) — Secretary of Defense Wilson branded as "absurd" a suggestion by an oil company official that Asst. Secretary Thomas Pike opposed construction of a new oil pipeline to the West Coast because of Pike's interests in an oil-well-drilling firm.

"Anyone who uses this despicable smear technique" downgrades himself, Wilson told a news conference.

Pike was sitting beside the secretary when newsmen asked about a letter written to Rep. Herbert (D-La.), chairman of a House Armed Services sub-committee, from Lowell M. Glasco, vice president of the West Coast Pipe Line Co. of Dallas, Tex.

### A 'Fact'

"So that your committee may properly evaluate Mr. Pike's statements," Glasco wrote, he wanted to call the subcommittee's attention to a "fact" reported in the Oil and Gas Journal of Jan. 2, 1956.

"While serving as assistant secretary of defense," Glasco said, "Mr. Pike owns and operates one of the largest oil-well-drilling companies on the West Coast and his family owns substantial interests in the Republic Supply Co., also on the West Coast. This company handles oil field equipment and supplies. The major oil companies on the West Coast who have so consistently opposed any pipeline from West Texas to California are among Mr. Pike's and his family's principal customers."

"At the very time Mr. Pike, an assistant secretary of defense, wrote the letter to the committee echoing the views of Standard of California, he was drilling one, and possibly more, wells for the Standard Oil of California."

### \$6 Million Check

UNITED NATIONS, N. Y. (AP) — U.S. Delegate Henry Cabot Lodge Jr. handed the U.N. a check for six million dollars. It is the first U.N. contribution for 1956 to the U.N. technical assistance program.

## So. Africa Boots Russ ... Subversion Charge

CAPETOWN, South Africa (AP) — South Africa Wednesday ordered Soviet consular staffs in this country to pack up and leave by March 1. The government made clear its determination to end what it considers is a transmission belt of subversive activity.

The announcement by Foreign Secretary E. H. Louw to Parliament was greeted by a roar of applause.

The move underscored increasing worry throughout Africa over Soviet and Communist activities. In this country, like others of Black Africa, Communist activity has concentrated on exploiting the rising bitterness of African nationalism.

## Four Quizzed In Knife Death Of Bride, 18

LOS ANGELES (AP) — Four persons were questioned Wednesday in the brutal butcher-knife killing of a pregnant bride.

The nude body of pretty Mrs. Barbara Jean Jepson, 18, was found by her husband, Joseph, 20, sprawled on their bed when he returned home from work Tuesday.

A 10-inch butcher knife from her own kitchen was plunged into her right breast.

A husky blonde youth, seen loitering near the couple's apartment in suburban Van Nuys, was sought. Officers Wednesday questioned four persons they identified only as a former boy friend of the bride and three relatives. The ex-boy friend could shed no light on the tragedy, police said.

### Stabbed 3 Times

Meantime Dr. Frederick W. Newbarr, chief autopsy surgeon, said the girl had been stabbed three times, the knife puncturing a lung, heart, pulmonary artery and liver.

Dr. Newbarr said there were bruises on the lips and superficial scratches. Evidence was inconclusive, he added, that she had been raped.

Police said bloodstains in a closet of the small apartment indicated the killer ransacked clothes in search of something.

## Sioux City Firm Oahe Low Bidder

OMAHA (AP) — Western Contracting Co., Sioux City, Iowa, was apparent low bidder in a field of five for Stage 5 earthworks at Oahe Dam on the Missouri River near Pierre, S. D., Col. Thomas J. Hayes, Omaha district engineer, said Wednesday.

The Western bid was \$5,618,750, compared with a government estimate for the job of \$5,443,785.99. The work involves placing some 15 million cubic yards of earth on the big dam and will bring the earthworks to about 75 per cent of completion. The next stage will involve closure of the 321 million dollar dam, Col. Hayes said.

# WE HAVE TO LOSE TO WIN

For the next 3 days we are offering our regular \$30.00 PRIVATE dance course for only \$8.50—just a fraction of what it costs us to provide you with this top-flight instruction! Why are we making this offer? Here's the reason. We are in an Inter-Studio Enrollment Contest and the competition is keen. If, in the next 3 days, we can enroll 30 pupils at the Lincoln Studio, our teachers have the opportunity of winning some really fabulous prizes—and you do, too!

As for learning how to dance, it's simple—the famous Arthur Murray way! In his 41 years of experience, Arthur Murray has taught millions how to dance... quickly, easily. And learning how to dance has given his pupils the secret to popularity. Because parties are part of the lessons, you can count on meeting hosts of new friends—enjoying a world of fun and good times.

So, if you've ever thought of learning to dance, don't miss this unusual opportunity to get expert private instruction—in the popular Latin dances, Fox Trot, Waltz or whatever dance you prefer. Enroll now! Remember, this Contest Offer is good only for the next 3 days. Arthur Murray School of Dancing, 1232 M Street, Lincoln. Studios open 1 P.M. to 11 P.M. Phone 2-5800 for an appointment.

Mayors, Protesting Gas Bill, Are Denounced As 'Young Liberals'

Voting Is Set For Monday

WASHINGTON (AP)—Mayors of New York, Philadelphia and Nashville came to town Wednesday to protest the natural gas bill, and were denounced on the Senate floor as misguided "young liberals."

The bill, on which the Senate will start voting Monday, would exempt natural gas producers from direct federal price controls. Debate has been going on rather quietly and politely since Jan. 16, but the mayors set off sharp replies.

Mayor Robert F. Wagner of New York told a news conference he spoke for a committee of mayors representing 30 million gas consumers. He said it was the committee's unanimous opinion that the bill ought to be defeated.

Wagner said its enactment would "increase consumers' bills by as much as 800 million dollars a year."

Webster Paintings In Lincoln Homes

Lucy and Liz Ames, daughters of Mr. and Mrs. John Ames, of Lincoln, regard a painting by Hutton Webster Jr. which hangs in their home. Paintings by the Lincoln-born artist, who died Monday at his home at Tucson, Ariz., can be found in about 25 Lincoln homes as well as the University of Nebraska art collection. Webster, 45, died after a fall when getting up from a couch to answer the telephone, according to the attending physician. He had been crippled with arthritis since he was 16. Funeral services will be held Thursday at St. Michaels and All Angels Episcopal Church at Tucson, followed by cremation. Mr. Webster, who was awarded a \$1,500 Pulitzer Prize for art in 1933, is survived by two sons, Mike, 8, and Peter, 10; two sisters, Winifred and Sophie of Palo Alto.

Marriage Breaks

NEW YORK (INS)—The 14-year marriage of Pulitzer Prize playwright Elmer Rice and stage and screen actress Betty Field was disclosed to have broken up.

The popular couple, both famed in their fields, has been separated since Nov. 26 and, unknown even to their closest friends, had waged a behind-the-scenes duel over the custody of their three children.

Supreme Court Justice Samuel M. Gold exposed the marital upset when he dismissed counter petitions filed in December by Rice and Miss Field. Gold said the couple "agreed amicably" on the futures of John, 13, now living with his father, and Judith, 11, and Paul, 6, who are with their mother.

Big Jewelry Haul

NEW YORK (INS)—Police disclosed that an estimated \$52,000 in jewelry and \$1,500 in travelers checks and \$150 in cash were stolen from a 17th floor apartment in the Essex House occupied by Mrs. Mildred Kahn. She told police the box usually was in a dresser and the drawer where it was kept had been jimmied.

Appeal Reduces Large Jury Verdict To \$9,398 Judgment

The Lancaster District Court has reduced a \$43,443.40 jury verdict given Roy A. Bitler of 2425 Colonial Drive against Terri Lee, Inc., a doll manufacturing firm, to a \$9,398.60 judgment.

Notwithstanding the corporation's motion for judgment or a new trial, Judge John L. Polk ordered that the jury verdict in excess of \$9,398.60 be set aside.

The jury verdict of \$936.60 damages for moving expenses incurred by Bitler was left intact, but \$42,506.80 for lost wages and bonuses was reduced to \$8,462.

In effect, the court order held that insufficient evidence had been produced at the jury trial in April, 1954, for the question of recovery on bonuses allegedly due to have been submitted to the jury.

Judge Polk's ruling followed a hearing on the defense motion last October.

Bitler had filed a \$82,451 suit against the defendant corporation in October 1952, for alleged breach of contract for his employment as plant manager for three years beginning April 16, 1951.

He claimed the company terminated his employment without cause after only 17 months had expired.

The doll company, headed by Mrs. Violet Gradwohl, formerly of Lincoln, moved its operation to Apple Valley, Calif., following a 1951 fire at its Lincoln plant.

The defendant company in the suit had contended Bitler failed to meet the terms of the agreement and was relieved of his post for cause.

The latest court ruling leaves either party an avenue for appeal to the State Supreme Court. The jury verdict was one of the largest awarded in this county in recent years.

Runoff Canceled

BATON ROUGE, La. (INS)—The Louisiana Central Democratic Committee, at the request of Governor-designate Earl K. Long, canceled a runoff primary.

The action means that two high state elective offices will be filled automatically by Long candidates.

The runoff was scheduled to be held Feb. 21 between Long's candidates for agriculture commissioner and attorney general and men who oppose the governor-designate.

## Spirit Of The Law

On the witness stand for the second day of testimony before a joint Senate-House subcommittee investigating the granting of patents to the Al Sarena Company to 303 acres of Oregon national forest rich in Douglas fir, Clarence Davis of Lincoln, now serving in the Eisenhower administration as under-secretary of the Department of Interior, earlier as solicitor for the same agency, said the steps he took were only in compliance with the law.

This is not to quarrel with Mr. Davis. He is a good lawyer and we assume that he knows whereof he speaks when he said that the granting of patents to Al Sarena actually was a mere formality in application of the law in

the case. There is one startling reflection, however. Davis's action, according to his own statement to the committee, came as a climax settling a five-year dispute. The case had been pending since 1950. Al Sarena had appealed it at that time. But for five years, it would appear, a controversy which was a simple matter of law remained undetermined. Apparently the company which should have been most concerned with enforcing its legal rights waited months in pushing what should have been purely a simple legal matter and in the end enlisted the services of a Republican congressman in Oregon to intercede with Mr. Davis in its behalf.

## Talk About The Weather

There is a saying that all that Midwesterners talk about is the weather.

Of course that is only in part true. From the vantage point of being in the middle of the country and therefore given to looking objectively in all directions the Midwesterner probably talks better and more frequently about almost everything. But he does talk a good deal about the weather. And why not? The weather is what he lives by.

And speaking of weather the current news is good. Another extensive snowfall added to that which was already on the ground has improved the protective cover of the wintering crops and

added to the needed supply of ground moisture so greatly needed after the 1955 drought.

The weather bureau outlook for the coming 30 days promises above normal moisture—with subnormal temperatures. That is all to the good. There is not much going on outdoors because it is winter. Since most of us aren't using it the time is perfect for catching up on precipitation.

But storms bring added hazards. The problem of highway safety becomes more complex. Nebraskans, reminded of the benefits of the current storm, can make it better by extraordinary caution on the highways.

## Benson, The Debater

Secretary of Agriculture Benson, speaking at Austin, Minn., assured the farmers among his listeners that government purchases of hogs at supported prices ought not to be considered. He gave out with a piece of fatherly advice.

Such a thing, he averred, "would hurt you more than it would help you."

As he proceeded further to show the farmer that such relief from the price-cost squeeze would be worse than hardship, that the solvency

it might create would be an unhealthy thing, his listeners doubtless reflected on the mysteries of higher thought as expressed by their secretary and the facts of the day. It was but recently that the Department of Agriculture went into the hog market with \$85 million of public money diligently buying processed pork. It seemed to have little effect on the producers' hog prices, but it was influential in stabilizing the mark-up for middlemen.

The listeners perhaps reflected, too, that the day's news brought the fact that a slight increase in farm prices had caused a drop in parity, presaging lower income, but with no effect on the rising prices of that which the farmer must buy.

And they no doubt did not miss the announcement of surprisingly good earnings of the nation's major industries.

Mr. Benson may have had a good outline of logic. The question of price subsidies is certainly a debatable one. But he was obviously on the wrong subject. The true question is one of what to do with a declining farm industry, attempting to live in an environment in which other economic segments are doing fabulously well—a question that is becoming more dangerous to the national welfare with each bigger corporate dividend and each price rise. The nation would be better off if Mr. Benson would get out of the debate circuit and get to the real job at hand.

### Quick Retirement

As longevity increases in America and the average age advances it would be to the point to re-examine the standard retirement ages.

The very fact of longevity means better health and a longer period of full usefulness and if the age of retirement is based, as is commonly accepted, on the brink of failing capacities then it is out of step with reality.

The Twentieth Century Fund recently finished a survey which revealed a growing problem among those of riper years. While many of them are still capable of full usefulness and the earnings that go with it upward of 85 per cent are being forced to try to make out on annual incomes of \$2,000 a year or less. And that which the survey could not measure is the frustration and bleakness that comes from walling away those who have been accustomed to function and still have much to give. It is not principally the decline in income, that hurts. It is the forced surrender of habits of life habits. It is the forced surrender of habits of life supported by greater earnings and the means of maintaining them. Habits die hard.

Retirement for most should still come gradually. The nation will not have done justice to the problem of the aging until it takes all aspects of it under consideration and formulates a program more suited to reality.

### Milne Is Gone

England's Alan Alexander Milne, 74, is dead. He led no nations to triumph. He will not live in history as a great hero. He was a quiet writer. But in his way he affected an innumerable host of people in the very nicest way.

Milne was the author of the most pleasing children's stories of this age—his tales of his son Christopher Robin with his beloved characters of Winnie the Pooh, Pooh Bear and the others. A generation of Americans were brought up as little companions to Christopher Robin and were much the better for it. We shall always miss Milne, but he left us a fine legacy. Winnie the Pooh will never, never die.

## MacArthur Feud With HST Flares

WASHINGTON — The Douglas MacArthur-Harry Truman feud is going to blaze into headlines again—thanks to Life magazine.

Life editors have the advantage of reading Harry Truman's memoirs before anyone else and have been using this to their own advantage. Mr. Truman's first installment from the Marshall mission to China was answered by Life in the same issue in which it was published.

In addition, Life editors slipped Gen. Douglas MacArthur an advance copy of Truman's memoirs which refer to him.

This particular installment is not due to be published until late February, but MacArthur has already written a 5,000-word stinging rejoinder—courtesy of Life editors and his ghost-writer, Gen. Courtney Whitney.

The MacArthur answer is so hot that Life circulation experts are ordering around a half million extra copies.

### DULLES'S ONE FRIEND

Reason why John Foster Dulles isn't getting as much bipartisan policy as he wants is that he pins everything on one Democrat, the much-loved elder statesman from Georgia—Sen. George. However, a lot of other Democrats don't relish the way George walked out on the Democratic party on tax reduction or other domestic matters last year when the White House invited him to lunch.

That's why George's influence on foreign affairs with other Democrats has diminished.

In handling the Bulganin-Eisenhower letter exchange, for instance, Secretary Dulles did consult Sen. George. But he ignored other Democratic leaders completely.

At 11 a.m. Saturday, after re-

lease of the two letters already had been decided, Congressman John McCormack of Massachusetts, Democratic leader of the House, telephoned Congressman James Richards of South Carolina, chairman of the House Foreign Affairs Committee. Richards is supposed to know what the score is at the State Department just as much as George, but he didn't know. He hadn't been informed.

"I don't know anything more than what I read in the newspapers," he told McCormack caustically.

### AUTO DEALERS' GRIPE

Ten thousand "typically American" small businessmen met in the nation's capital this week in the opening gun of a pitched battle for survival.

They're the owners of the nation's auto agencies and, like thousands of other small businessmen around the country, they find themselves today on the "brink" of an uncertain future.

The auto dealers didn't sit around twiddling their thumbs and moaning, however. They worked through their powerful organization, the National Automobile Dealers Association.

"We're disturbed about the profit situation," explained W. L. Carpenter, a small Ford-Mercury dealer from Pontotoc, Miss., who sells about 175 cars a year. Carpenter employs 18 people, including his son-in-law, and grosses about \$500,000 a year.

"We're not making any money," Carpenter says, which is why attendance at this year's NADA convention is so much greater than usual. "When we were making money there wasn't much reason to go to conventions."

## Election Pressure Hits Sen. George

WASHINGTON—President Eisenhower has launched a fight against influential Democrats in Congress on the foreign aid issue which will bring home to him some of the facts of election year politics.

It is possible that the President, who was shut out for so much news during his illness does not realize the extent to which the opposition party has been switching sides on foreign aid outlays. Up to the time of his attack he had been able to count on more fervent Democratic support on foreign policy than Republican. This was especially true of Chairman George of the Senate Foreign Relations Committee, who last year often called the signals for the Eisenhower plays.

But when the President went to Denver to vacation last summer George went home to Georgia to find himself facing his stiffest fight for re-nomination. The challenger, Herman Talmadge, was raising and continues to raise a hue and cry against spending American tax money on foreigners. It is said to have great appeal in the rural counties.

In the other 47 states the majestic George could counter the Talmadge demagoguery with his pulling power in the more sophisticated cities. But the antiquated county unit system gives rural control on Georgia's elections, and so George is under the iron necessity of approaching Talmadge's position to some degree.

Internationalist Democrats of such unimpeachable liberal standing as Sen. Mansfield of Montana had already called for an end to

foreign spending. From personal observation on the scene, Mansfield became convinced that more and greater spending was not the answer in Asia.

So George will have important help. But his is the significant voice. But Senate Leader Johnson who relies on him heavily will go very far to help keep George in the Senate. Many Democrats will be susceptible to a Johnson appeal on that score, especially since they would instead be helping Eisenhower against whom they may have to campaign next fall.

When personal considerations clash with political philosophy the latter is very apt to lose in the very human business of politics.

Secretary of State Dulles announced President Eisenhower's desire to "wake up the country" to the need for putting foreign economic aid on a 10-year, semi-permanent basis. Up to now such programs have been planned from year to year. The shift had been outlined in the President's state of the union message.

George promptly revealed opposition to it. He was joined by another Senate powerhouse, his colleague, Dick Russell, who is chairman of the Armed Services Committee.

Senator Russell is known to be alarmed over the state of the country's defenses, especially American progress in developing guided missiles. He is almost surely going to demand greater expenditures at home to make certain we are not surpassed by the Soviet Union as some sources insist.

### BOB CONSIDINE

## Young Rule-Breaker Grows Rich At It

NEW YORK—Don't belt your little daughter if you catch her dabbling the old lady's war paint on her sweet little kisser. Look what happened to Ellen Hassenfeld.

That's right, Ellen Hassenfeld. She was seven years old that happy day when she dipped into her mother's cosmetic kit and came out looking like Sitting Bull just before he went to work on Custer. Mrs. Hassenfeld scrubbed the child and packed her off to bed. The father, who is president of a toy company, was informed of the crime when he came home from work that evening.

The child acted as her own defense counsel. "You make toys," she said to the old man. "Why don't you make a cosmetic kit that little girls can play with?"

Well, sir, Hassenfeld's hair stood on end, sparks flew from his ears, bells sounded in his head, and every pinball machine within a radius of ten square miles registered, "Hilt." The next day he ordered such a game into production. More than 10,000,000 have been sold in the three or four intervening years. Little Ellen was given a royalty for the invention. At last count, she had made \$125,000.

★ ★ ★

Radio Eireann has done some interesting research in the field

of letters sent back to Ireland by people who came to this country in the years after the Great Famine.

Many did not find it a land of milk and honey. "I can never make a fortune in this land, but can earn an honest living but nothing more," wrote an Irishman who settled in Ohio in the 1870s.

Many were philosophical and hopeful, a search of old letter shows.

"I still think I am in as good a country as there is in the world today for a poor man," wrote an Irishman in 1883 from the state of Washington. "The majority of what men is in the country have risen from their own industry. Any man here that will work and save his earnings, and make use of his brains, can grow rich."

A land that had no lords and dukes and where the class divisions were not easily defined amused many of the newly arrived Irish. From California nearly 100 years ago, one wrote:

"There are no Gentlemen here. If a farmer in Ireland made three or four thousand dollars in a year you couldn't walk the road with them. You would have to go inside the fence or they would ride over you."

### MAN'S BEST FRIEND

## Special Cake For A Special Dog

By ALLEN EDEE  
Star Staff Writer

Six-year-old Duke is one dog that really has it made in the shade.

Imagine eating a specially baked dog birthday cake of horsemeat, eggs, carrots and celery! It is a delicious looking concoction prepared by Mrs. Frank Miller of 1130 So. 22nd. She has failed only once to bake Duke a birthday cake.

The half golden retriever-half Dalmatian loves vegetables. When Mrs. Miller starts grating carrots, the 82-pound canine will bounce out of a deep sleep to beg beside her for a taste of carrot.

★ ★ ★

And Duke has his own room complete with a bed and pillow. On some days he lazily lies in bed until breakfast time. A call to Duke that breakfast is ready and the dog scoots out of bed, bounds the stairs in a jump or two and comes up to the kitchen looking for a home-cooked meal.

Every night before retiring, the dog gets his dog cookie. He goes into the Miller bedroom to wag good night, takes his cookie and heads for his room to retire.

Duke's room is also used by Mrs. Miller for a sewing and ironing room. Duke likes to pass the hours lying on his bed looking up at the busy Mrs. Miller at her work.

★ ★ ★

Duke has a few tricks up his paws to show he is worth all this attention. When asked if he wants a cookie, he will growl "um-mmm."

He will sit still as a scarecrow

(Photo Special to The Star)

DUKE

... cookies are a stern test of training ...

when Frank or Mrs. Miller places a dog cookie on the end of his solid nose. Though saliva will drip from his mouth in anticipation of the cookie, the big brown dog will not catch it until he gets the word.

And a "Howdy, Partner" will

bring up a paw for a shake. But Duke's favorite trick is to show off his old leg wound which he got as a pup when a car ran over his leg. Duke will get up to show it off and immediately expect a sympathetic pat.

## The People Speak

Editor's Note: Be brief. Limit letters to 200 words or less. Letters signed by a pen name or initials must be accompanied by writer's name and address. Letters represent only contributor's view.

### Thank You

Columbus, Neb.

To the editor of The Lincoln Star:—I just want to send you this note of congratulations on the very fine article appearing Jan. 29 in the Sunday Journal and Star on the subject of the 230 kilovolt Fort Randall-Grand Island transmission. It was a good job and much appreciated.

D. J. DE BOER  
Executive Director  
Nebraska Public Power System

### Natural Gas Bill

Oklahoma City, Okla.

To the editor of The Lincoln Star: Drew Pearson, in his columns of January 25 and 26, repeats the old fallacies about the Reasonable Price Bill on natural gas—fallacies that I and other independent producers hope you will help to correct. He implies that the effort is being made to leave natural gas producers free to charge anything they like.

Actually the bill, already passed by the House of Representatives, charges the Federal Power Commission with seeing that interstate pipelines pay for gas and pass on to consumers no more than "a reasonable market price."

The commission could do this efficiently through its existing mechanism for regulating the few interstate pipelines—and without the need for incredibly cumbersome new mechanisms dealing with 2,000 separate producers.

What, for heaven's sake, is wrong with a "reasonable market price"? Natural gas producers in the last 16 years of free competition never received more than 10 per cent of what the average household consumer paid for gas service, anyway. If freed from endless red tape, permitted to compete vigorously, and still limited to a reasonable market price, the nation's gas producers will serve consumers well with ever-increasing supplies at a fair price. That's exactly what the Reasonable Price Bill would achieve.

F. A. CALVERT, JR.  
President  
Calvert Drilling, Inc.

### Country Farmer

Upland, Neb.

To the editor of The Lincoln Star: In answer to "City Farmer" in the Jan. 23 Star, I suspect he raises bats. The long steady decrease in farm population or the price the farmer receives at any given time are unimportant, while billions in bonuses are given to the rich and "city farmers" operate anonymously.

There are too many people who read such slush who have no bearing on the farm problem. Benson himself has made similar statements. "City Farmer" is right in saying that Benson has had nothing to do with the trend. He guaranteed the farmer 100 per cent parity, and neither he nor Benson has done anything to stop the farm loss.

"City Farmer" is telling us that while Big Business profits have reached a new high every year since 1953 and wages have increased in proportion, and the government has given 10 times more bonuses to Big Business than they spent on the farm, and everything the farmer buys has increased in price an average of 30 per cent while his income has decreased 30 per cent—that he should sell his car and furniture and tighten his belt six holes, and let the young farmers—80 per cent of them vets—sink or swim. Mr. Benson purposely allowed surpluses to enlarge to force a large acreage reduction and his flexible prices. Farmers were all prosperous when Benson took over, and the surpluses should have been kept at the 1953 level instead of the costly additional storage and handling.

Only an individual with bats in his hat would advocate or expect any business to run on a below-parity basis. Big Business excess profits and the rise in labor costs are charged to the farmer

### Oak Lake Skating

Lincoln, Neb.

To the editor of The Lincoln Star: The residents of Lincoln are, indeed, fortunate inasmuch as there are a large number of nice parks located over the city whose facilities are available to all. However, there is one thing lacking. There is a definite need for better skating facilities, especially those at Oak Lake.

Not all cities have available a large natural skating area such as Oak Lake. Therefore, it would seem that more of an effort could be made to improve the quality of the ice. The cold weather has made this winter's skating season the longest in several years. However, until the recent snow, the wind had blown so much dust and dirt on the ice that it was almost impossible to skate. Then, too, the surface of the ice was very rough.

At Columbus, Neb., they also have a natural skating area. Every evening after the skating is over, the ice is flooded, which results in a new and smooth surface. The result is skating which is a pleasure, not a chore.

It would certainly seem that

### Gas Tax Refund

Wausa, Neb.

To the editor of The Lincoln Star: In the Sunday Journal and Star of Jan. 22 on Page 3-A, column five, there is something about gas tax refunds for farmers. As I understand this article, State Treasurer Ralph Hill claims that we farmers are getting refunds of 6 cents gas tax on gas used for farming. If so, what is the matter with him? Doesn't he know that we get even less than 5 cents a gallon?

In July, 1955, I sent a claim for gas tax refund on 495 gallons, \$24.75, pro rate 50 cents, and the check which I received for this claim was \$24.25. As it is, I am paying a gas tax of 1 cent a gallon on gas that I use on our farm. I wish there could be some explanation printed so the public might be set straight on this matter.

GEORGE B. HANSEN

Editor's note: The law itself provides for a refund of five-sixths of the tax or 5 cents a gallon. There is a charge of 50 cents for administration. The statement credited to Mr. Hill is in error.

## '55 Midwest Life's Best Year—Putney

The Midwest Life Insurance Company enjoyed the best year in its history in 1955, President W. W. Putney reported to the stockholders at their annual meeting.

A combination of excellent sales, improved interest earnings on investments, along with a normal death rate among policyholders accounted for the satisfactory results, Putney said.

New sales were up 36 per cent over 1954; insurance in force rose more than 14 per cent to pass eighty-four millions in force and assets increased during the year by 11 per cent to reach approximately fourteen million dollars. The sum of \$923,482.72 was paid out to policyholders during the year and the total of capital, surplus and special funds for the added protection of policyholders was increased to \$1,494,272.79.

Putney reported that during the year operations of the company had been extended into the Territory of Hawaii and into New Mexico, bringing to eleven the states and territories in which the company is now doing business.

Personnel changes during the year included:

W. H. Schwartz, agency organizer, previously associated with the Fidelity Life of Fulton, Ill.

Wayne S. Bishop, production manager in the sales department, formerly with the American General Insurance Company of Houston, Tex.

Grant Reed of Lincoln will assume the duties of chief underwriter Feb. 15.

### Moisture Termed Encouraging

"The snowfall and moisture received over the great plains territory during recent weeks is quite encouraging," Putney said, "because it will improve conditions in the agricultural areas where the company does business. It would seem that 1956 should be another very satisfactory year, with national economic activity remaining at a high level, and our planning contemplates further substantial advances during the year."

The stockholders re-elected as directors Arthur A. Dobson, H. C. Henderson, Dr. E. W. Rowe and John K. Selbeck. Other directors of the company are: Clyde W. James, W. W. Putney, J. R. Kinder, A. Leicester Hyde, Vernon L. Thompson, Eleanor F. Snell, Ernest L. Smith, Snell W. Putney and O. D. Trombla.

The directors selected the following officers for 1956:

W. W. Putney, president and chairman of the board.  
Clyde W. James, executive vice president and secretary.  
H. C. Henderson, vice president and general counsel.  
Vernon L. Thompson, agency vice-president.  
A. Leicester Hyde, vice-president and mortgage loan officer.  
J. R. Kinder, treasurer.  
Eva M. Soric, assistant treasurer.  
Victor H. Seymour, assistant secretary.  
Lucille D. Williams, assistant secretary.  
Warren Isom, assistant secretary and assistant actuary.  
Dr. E. W. Rowe, medical consultant.  
Bernard F. Heelan, attorney.  
Wayne S. Bishop, production manager.  
W. H. Schwartz, agency organizer.  
Dale Scherer, manager accident and sickness department.  
May E. Danielson, cashier.  
Grant Reed, chief underwriter.

### Liquor Board Sets Dates For Class 'C' Hearings

The Liquor Control Commission has scheduled hearings on three applications from Omaha for Class "C" licenses.

Applicants and time of hearing are:

Joseph A. Tesnohldek, Feb. 8, 2 p.m.

Zygfryd Zagodzka, Feb. 9, 10 a.m.

John Sorensen, Feb. 9, 2 p.m.

Frank Novak and Henry Sansoni of Columbus, operating as Benson's Distributing Co., were cited for hearing Feb. 6 on complaint of failure to file distributor's reports for December, 1955.

# One Dead, Four Hurt In Bus-Car Crash; Blowout Possible Cause

**Lincoln Star Special**  
SCHUYLER, Neb. — A blowout may have caused the bus-auto crash near Rogers, Neb., Wednesday, claiming one life and hospitalizing four others.

The driver of the car, Edward M. Wilson, 36, of Nevis, Minn., was killed as his car collided with a cross-country Greyhound bus west of Rogers on Highway 30. Rogers is located eight miles east of Schuyler.

Three of the 28 passengers in the bus and the veteran driver, Raymond Braley of Omaha, were hospitalized in Schuyler. None of the injured was believed seriously hurt.

**Found Bolt In Tire**  
Colfax County Sheriff Edward J. Patach disclosed late Wednesday that he found a bolt in one of the tires on the wrecked Wilson auto, indicating a blowout may have preceded the accident.

The bus-car crash occurred on a highway thinly packed with snow. Braley said the car in which Wilson was riding alone suddenly veered into the path of the Omaha-bound bus. The bus overturned in a drainage ditch following the crash.

Colfax County Attorney Francis O'Brien said there will be no inquest.

**En Route To Chicago**  
In Omaha G. E. Motz, general manager of Greyhound Lines, said the bus was a through bus en route from Los Angeles to Chicago, but Braley had taken over at North Platte and was to drive to Omaha. He said Braley had been with the company since its inception.

Another bus was dispatched from Fremont to pick up the stranded passengers and they were on their way as soon as Sheriff Patach completed his investigation.

The bus driver, who was believed only shaken up from bumping the steering wheel of his vehicle, was not hospitalized until several hours after the accident. His injuries were not believed serious, but a checkup was scheduled.

Passengers hospitalized at Schuyler were Mrs. Lizzie Womack, 62, Avilla, Mo.; Leslie Herbert Parke, 62, Hamilton, Ont., Canada, and Parke's 75-year-old brother, Leonard, of Caledonia, Ont.

**Greeley Blast Victim Transferred To Omaha**  
Greeley, Neb.—Diane Purdy, 11, daughter of Mr. and Mrs. Ernest Purdy has been transferred from an Albion hospital to one in Omaha. She suffered serious burns five weeks ago in a fuel oil explosion.

**Architect Draws Plans For New Gilead School**  
GILEAD, Neb.—School officials here have contacted a Lincoln firm to draw plans for construction of a new building to replace the present frame schoolhouse.

There are 48 pupils in the school district, which has a valuation of \$1,290,539.

Millard, Scottsbluff Men Honored

Willis Armbrust of Millard, left, was named Nebraska's outstanding young farmer and Joe O. Baker of Scottsbluff, right, won the title of outstanding

## Plan Designed To Aid Farmers For Increased Costs Proposed

WASHINGTON (AP)—A billion-dollar program of direct federal payments to recompense farmers for part of their increased costs was proposed by Rep. Weaver (R-Neb.).

"This is a direct effort to adjust and partially equalize farm expenses with farm income and therefore reduce some of the dollar loss to farmers because of high industrial wages and other increased production costs," he said in a statement.

Weaver's legislation would have the Secretary of Agriculture determine annually the percentage farm expenses have increased from January, 1947, to January, 1956. This would be the basic formula for the "adjustment and equalization" payments.

To qualify, a farmer would file with the secretary an application, based on his income tax report, showing allowable deductions as business expense.

His payment would then be figured this way: His deductions would be divided by the increased cost percentage proclaimed by the secretary.

# Clifford Hope Says Wheat Growers In Need Of Promotion Plan

PORTLAND, Ore. (INS) — The nation's wheat growers are in need of a high-powered promotion program and a nation-wide organization to push the use and marketing of wheat both home and abroad.

Congressman Clifford R. Hope (R-Kan.) made this clear Wednesday in a speech to the National Association of Wheat Growers assembled in Portland.

Hope said he was one who believed in organization and declared the time is right to develop a strong system of national and state wheat growers association.

He outlined coming legislation, based on the domestic parity plan which, he said, gained favor when it was properly understood.

Uncertain

According to Hope, "it is uncertain at this time whether the 90 per cent price support provisions will be retained or eliminated" in legislation now before the Senate Committee on Agriculture.

Whatever the outcome of farm legislation, Hope told the wheat growers they must:

- 1 — Give more attention to quality in wheat.
- 2 — Revise and improve wheat grading methods.
- 3 — Develop better marketing methods and engage in more marketing research in both domestic and foreign markets.
- 4 — Continued research in finding further industrial uses for wheat products and by-products.
- 5 — Wage an effective promotion and public relations campaign for increased wheat consumption.

## 2-Year-Old, Found Frozen In Iowa, Nears Recovery

MARSHALLTOWN (AP) — Two-year-old Vicki Davis, who made a remarkable recovery after her frozen body was found in her home here Jan. 21, apparently is on the road to full recovery.

It was feared for a time that the child's toes might have to be amputated but Dr. Harold E. Sauer, one of the attending physicians, said Wednesday night:

"She is getting along fine and it looks as though it will not be necessary to amputate her toes. She still has a little weakness in some of her fingers."

Unconscious

Vicki's body temperature was down to 60.8 degrees when she was admitted to a hospital here. She and her grandmother, Mrs. Fred Davis, 48, were both found unconscious in the unheated Davis home.

Police have never officially determined what happened at the home and are still investigating. Mrs. Davis recently was given a psychiatric test.

Vicki is the daughter of Mr. and Mrs. Wallace Davis, of Milwaukee, Wis., and had been with her grandparents over the holidays.

### 3 Firms Incorporate

Three firms filed incorporation papers with the Secretary of State Wednesday. They are: Emmert Construction Co., Omaha; \$10,000; K. Stanton Clark, James E. Emmert and Samuel P. Caniglia. Leewood Investment Co., Inc., Omaha; \$10,000; Harry L. Welch, Albert G. Schatz, H. Beatty White. Manufacturers Credit Co., Omaha; William A. Fraser Jr., Taylor H. Snow, Adrian L. Faase, and Marvin L. Schmid; \$250,000 authorized capitalization.

## Assenmacher Gets Contract To Build Beatrice Bank

Lincoln Star Special

BEATRICE, Neb. — The Assenmacher Construction Co. of Lincoln was low bidder and received the general contract for a new First National Bank building at Sixth and Ella.

The Assenmacher bid of \$130,095 was the lowest of six bids.

The Bank Building and Equipment Corp. of St. Louis, Mo., was awarded a \$20,760 contract for interior and electrical work. Contracts totalling some \$12,000 for a vault, teller depository and drive-up teller service are still to be let.

According to Harold Deitemeyer, president of the First National, work is to begin March 1 and is expected to be completed about Nov. 1.

## Westinghouse Negotiators Talk Contract

WASHINGTON (AP) — Negotiators in the 109-day Westinghouse Electric Corp. strike got down Wednesday to discussing tentative contract language.

Director Joseph F. Finnegan of the Federal Mediation and Conciliation Service, refused, however, to say whether he thought the situation was closer to agreement. Finnegan presided at the talks.

"I wouldn't call it one way or another," Finnegan told reporters after company and union representatives recessed their five-hour session until Thursday morning.

The strike, involving 54,000 workers, is the longest walkout in a decade affecting so many workers.

For Size

"We're trying out some contract language for size and working it over," he said. "We're putting some ideas—products of our discussion—on paper to see what they look like."

Neither President James B. Carey of the AFL-CIO International Union of Electrical Workers nor Westinghouse's vice president, Robert D. Blasler, would comment.

Westinghouse has offered a five-year agreement with a minimum 23½-cent-per-hour raise for workers over that period. The IUE, rejecting this, has insisted on a 15-cent-hourly raise for the second half of an existing two-year union agreement with the company.

## Barnoske, Norris Given Top Hastings Awards

HASTINGS, Neb. — Francis M. Barnoske was named boss of the year, and Jack B. Norris was presented with the distinguished service award as the outstanding young man of 1955 at the annual Hastings Chamber of Commerce dinner here.

Dr. Ralph G. Brooks, McCook Junior College president, was the main speaker at the event.

## Sixth Producer Listed

SIDNEY, Neb. (AP) — The Shannon Oil Co. listed its sixth straight producer in the Rudolph Field west of here. The new well is the Chambers No. 2.

## MOLLET FACES ROCKY RECEPTION IN ALGERIA

PARIS (AP) — Premier Guy Mollet's solutions for what he calls France's "most pressing, most painful problem" — Algeria — already are getting a rocky reception in that country.

Mollet's Cabinet will consider the Algerian question in its first meeting Friday and the Socialist premier plans to fly to Algiers next week to install Gen. Georges Catroux as resident minister there, a new post.

Catroux was named to this new post to cope with the 15-months long rebellion of anti-French nationalist guerrillas.

Three Algiers French newspapers which reflect the views of French residents of the country are bitterly critical of Mollet's program to meet the nationalist threat.

One of Mollet's proposals outlined in his statement to the National Assembly Tuesday is an election in the near future to choose Algerian leaders with whom France can negotiate.

The newspapers disagreed especially with Mollet's plan to conduct these elections through a single-college system which would end the division between French and Moslem voters and candidates. Now, seats in the Algerian Assembly are split and French and Moslem Algerians vote separately for their own candidates for the seats.

The French in Algeria were quick to point out that French residents, who number about a million and a half, will be "drowned" by approximately nine million Moslems.

## Successful Flight Of Near Automatic Super Sabre Told

LOS ANGELES (INS) — Successful completion of the first flight of the new Super Sabre jet, the F-100D, which can fly itself to a target, was announced Wednesday by North American Aviation.

The company said the new model of the Air Force's first fighter-bomber capable of exceeding the speed of sound in level flight incorporates a Minneapolis Honeywell autopilot.

Veteran test pilot Dan Darnell, who was at the controls, described the electronic device as a "definite forerunner of complete automatic flight." He said it will enable the pilot to concentrate on navigation and other tactical phases of his mission at supersonic speeds.

North American said the new jet's performance will be "comparable" to the F-100C which streaked over the Mojave desert at a speed of 822.135 miles an hour to set an unofficial world's speed record.

### Trade Officials Meet

OTTAWA, Ont. (AP) — Seven Russian trade officials who arrived here to negotiate a treaty with Canada, met briefly with Trade Minister C. D. Howe. Both countries have already submitted draft agreements, outlining products that would be covered if a trade treaty is signed, but details have not been made public.

### Munly Judge Jacobson Back From Vacation

Judge John Jacobson returned Wednesday to the bench in Municipal Court after an absence of two months.

The vacation, during which he underwent surgery for a non-malignant intestinal obstruction, was the first he'd taken since assuming the judgeship three years ago.

During his absence, Nate Holman Jr., Lincoln attorney, has been presiding as acting judge.

There is NO substitute for

**DORMIN**  
SLEEPING CAPSULES

My memory of Mexico is mainly of riveting hammers. For as long as I can remember they have been building new skyscrapers. They build them right alongside my hotel.

I am happy to report that the building that was last abuilding next to my room at the Monte Casino is finished. Completed. No hammers. Occupied. Occupied by the biggest, loudest night club in Mexico City. Ai! Senor! No punch the piano, Pancho. It's loud up here.

The Jacaranda is Mexico's swankiest night club. Whole waterfalls roar over neon cliffs at the most expensive prices. From my room upstairs I have ascertained two things about the Jacaranda: It goes on until 4 in the morning. The band is absolutely daffy over "Sixteen Tons" and "Davy Crockett."

They play these numbers almost constantly. And the drummer has a sure beat that makes your pulse keep time.

There is a singer, too. And the other night I lay awake and passed the Mexican night translating.

Davy, who killed the b'ar at the age of 3, comes out as a sturdier boy in the Mexican version. His name is Pancho Lopez.

"Born in Chihuahua in '96 Under a tree way out in the sticks. When he was 2 he was mighty wise: Before he was 3 he scragged two guys."

Naturally, this is my own version. Fixed up a little the refrain goes: "Pancho, Pancho Lopez viviste como un ciclon!" ("Pancho Lopez, you lived like a cyclone.")

It is not too difficult to work over a song. Especially when the orchestra obliges by playing it about twelve times a night.

Pancho could ride at 4. And la carrabina he knew how to shoot. At 30 yards he could shoot the eye

## POSTCARD

out of a flea without aiming. "Pancho, Pancho Lopez, valiant like a lion!"

At 5 he could sing and play the guitar. Pancho fell for the pure mescal. And now poor Pancho has gone to jail.

Now, as I remember, Davy Crockett killed the b'ar purely as a child. He went into more lofty things as he went on. Opened the West and was truly King of the wild frontier.

Pancho remains a bum throughout. Which is about all you can expect from a 3-year-old who hangs

around bars instead of killing them. However, Pancho is rather likeable.

"At the age of 6 he fell in love: At the age of 7 he married the girl."

I had sort of thought this would make Pancho settle down. But no. Still 8 years, Pancho went a la revolucion.

The song writer then killed Pancho off and advised everybody not to live so fast—"como un ciclon." Or they would wind up like Pancho. Drunk, happy and dead at 9.

The orchestra played other songs. Light, airy Agustin Lara pieces. But they drifted up to the hotel window so quietly that I fell asleep. When the orchestra got back on "Pancho Lopez," they bounced their true love off the walls like a revolution had busted out.

At 4 o'clock the Jacaranda closed down apparently. For there was a good deal of loud laughter and the roar of starting cars. The trumpet player gave his horn a last goodnight.

"Pancho, Pancho Lopez viviste como un ciclon!"

(McNaught Syndicate, Inc.)

## There's Summer Driving in Every Drop

**STANDARD**  
(WINTER GRADE)  
**PREMIUM GASOLINE**  
WITH DE-ICER

Even on bitter cold days you get consistent, lively, summer performance from your engine. That's because we build summer driving into every drop of STANDARD WHITE CROWN Premium Gasoline. A remarkable De-Icer additive prevents gas-line freeze. Light volatile elements make cold engines start instantly, just as in summer. Other elements make engines warm up quickly. Then, mile after mile, the highest octane rating in our history gives you smooth, knock-free performance.

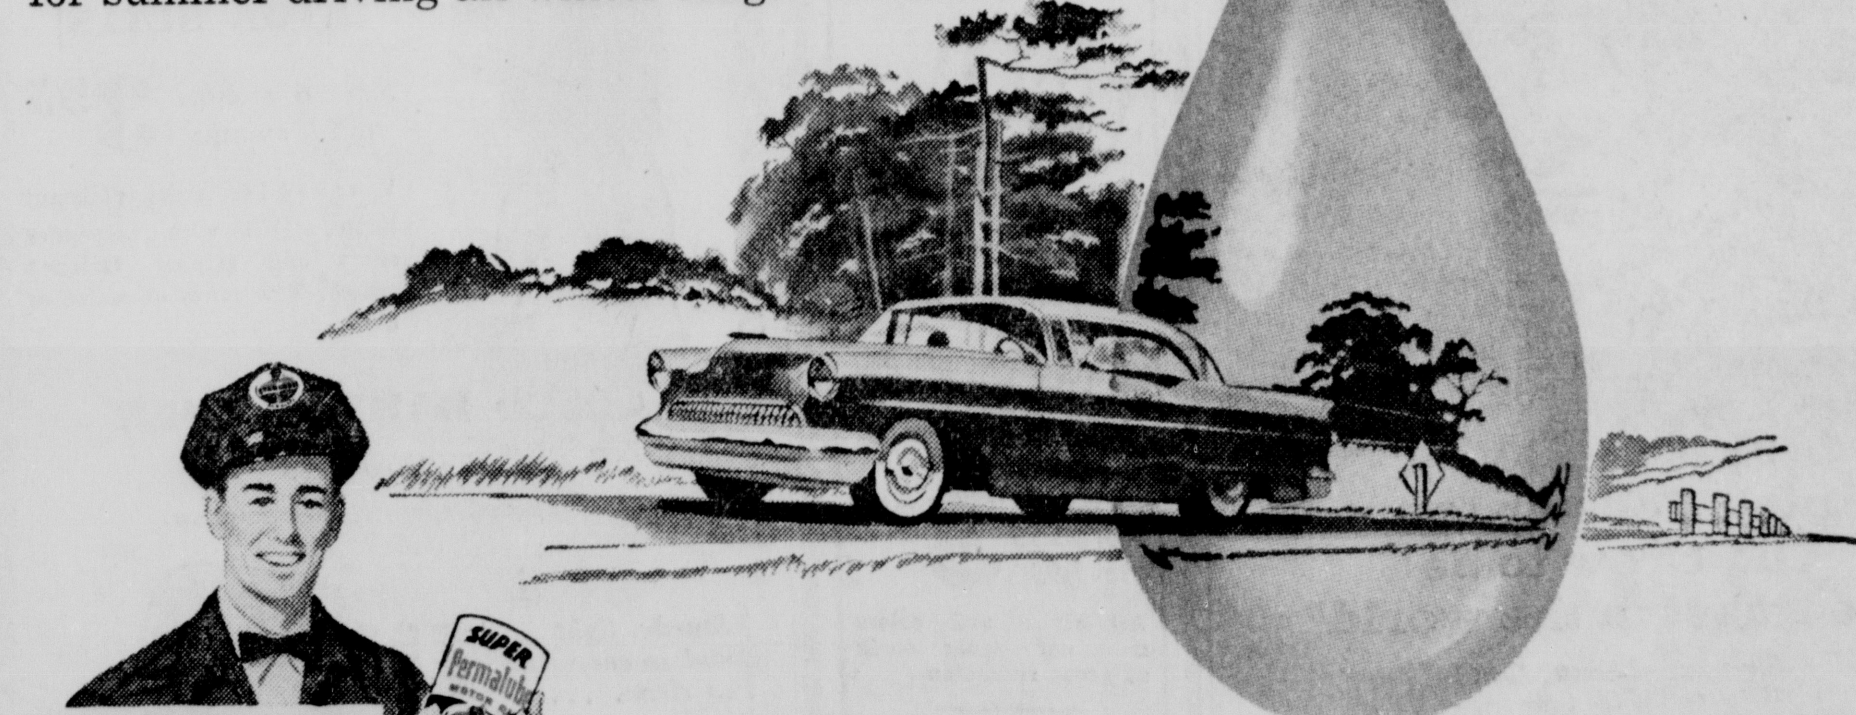

Try a tankful of STANDARD Premium Gasoline, today! It has everything it takes to be "TOPS" for summer driving all winter long.

NO GAS-LINE FREEZE

NO KNOCK

FAST STARTS

QUICK WARM-UPS

**Super PERMALUBE**  
Motor Oil Saves Gas

Wherever you live or drive... whatever the climate... you can be certain of perfect performance and engine protection with Super PERMALUBE. This remarkable multi-grade motor oil helps cold engines start quickly, yet resists thinning out when engines are hot. You get greater oil economy—and Super PERMALUBE reduces friction drag so much it can save you up to 2 gallons of gasoline in a tankful. Drive in for a change to Super PERMALUBE today!

You expect more from

**STANDARD**

and get it!

# MacArthur Firing Considered Months Earlier—Truman

WASHINGTON (AP) — Former President Truman says he gave "serious thought" to firing Gen. Douglas MacArthur from his military field command as early as August 1950. This was only two months after the Korean War started and eight months before he finally did strip MacArthur of all his Far East commands.

In the latest installment of his memoirs, appearing in Life magazine, Truman says he considered replacing MacArthur with Gen. Omar N. Bradley as military commander because MacArthur voiced disagreement with Washington and United Nations policies he had agreed to support.

The former President says his idea at the time was to leave MacArthur in charge of the Japanese occupation while "taking Korea and Formosa out of his hands."

"Didn't Want to Hurt Him"

"But after weighing it carefully," Truman goes on, "I decided against such a step. It would have been difficult to avoid the appearance of a demotion, and I had no desire to hurt Gen. MacArthur personally. My only concern was to let the world know that his statement was not official policy."

The statement stressed the importance of preventing Formosa from falling into hostile hands. It said Formosa's fall would create an enemy salient within America's Far East line of defenses.

The White House said at the time that MacArthur was directed to withdraw it "in order to avoid confusion as to the U.S. position." This position was stated to be that the United States had no designs on Formosa and was guarding the island to keep the Korean War from spreading.

Truman's memoirs relate that MacArthur told him—at their Wake Island meeting in October 1950—"he was sorry if he had caused any embarrassment."

Praises MacArthur

Truman has praise as well as criticism for MacArthur. He calls him a "master strategist" and warmly commends his actions in Korea in early stages of the war. Moreover, he says he found the general "a most stimulating and interesting person" in their Wake Island talk.

"He said," Truman relates, "he

wanted me to understand that he was not in politics in any way—that he had allowed the politicians to make a 'chump' (his word) out of him in 1948 and that it would not happen again."

The growing Truman-MacArthur rift dominates the current installment of the memoirs, in which the former President says he was determined from the outset to resist Communist aggression in Korea because:

"If this were allowed to go unchallenged it would mean a third world war, just as similar incidents had brought on the second World War. It was also clear to me that the foundations and the principles of the United Nations were at stake."

Truman says he had unanimous support from military and congressional leaders for this stand.

## Mrs. E. E. Bennett Funeral Thursday

Funeral services for Mrs. E. E. Bennett, 88, an early resident of Lincoln, will be held at 1:30 p.m. Thursday at First Baptist Church.

The Rev. Gordon Schroeder will officiate and burial will be at Wyuka Cemetery.

Mrs. Bennett, who died Wednesday, lived at 2210 Washington. She was born at Mason City, Ill., and came to Lincoln at the age of two.

She was a member of First Baptist Church, a 50 year member of Chapter K, PEO, and a past member of the board of directors of the YWCA.

Surviving are three daughters, Grace Bennett of Lincoln, Elinor Bennett of Omaha, and Mrs. W. E. Johnson of Hastings; and a son, Richard E. of Council Bluffs, Ia.

Fishermen Safe

BUFFALO, N. Y. (AP) — Fifteen fishermen, cut off from shore on a huge ice floe in Lake Erie, were brought to shore safely by a U.S. Coast Guard crew in a skiff.

And he says MacArthur told Averell Harriman, sent by the President on a special mission to see him, thought Truman's stand was "magnificent" and "historic."

The former President quotes a long report in which Harriman, now governor of New York, represents MacArthur as in favor of letting Generalissimo Chiang Kai-Shek launch an attack from Formosa against the Communist-held Chinese mainland. The Harriman report says in part:

"MacArthur recognized that this ambition (of Chiang's to reconquer China) could not be fulfilled, and yet thought it might be a good idea to let him land and get rid of him that way."

Harriman relayed instructions from Truman, the letter says, that MacArthur must not let any such thing happen. Harriman says he got the impression MacArthur "accepted the President's position and will act accordingly, but without full conviction."

Truman himself says he felt MacArthur's 14 uninterrupted years in the Far East had made him too "wrapped up in the East." He expresses regret that the general didn't come back to this country for visits "to familiarize himself with the situation at home."

The former President gives a detailed account of the Wake Island meeting, quoting MacArthur—as has been reported before—as giving assurance the war would be over by Christmas 1950, and that there was very little chance of the Chinese Communists getting into it.

## William Waters Joins Lincoln Police Force

A former sidewalk inspector in the city's engineering office joined the Police Department Wednesday as a patrolman.

The new officer is William L. Waters, 26, of 1030 No. 48th. He is married and formerly was stationed at the Lincoln Naval Air Base. He was discharged from the service last July.

The addition of Waters to the local police force brings the department's strength to 91, one below that authorized by the City Council.

## Holiday Spending 'Spree' Followed By Prison Term

Lincoln Star Special

LEXINGTON, Neb. — Robert Ray Morrison, 39, has been sentenced eight years to the Nebraska State Penitentiary by District Judge I. J. Nisley.

Morrison, a chef employed in a Lexington restaurant, was apprehended in Billings, Mont., Jan. 19 after a Christmas Eve "spree" in which he passed nearly \$2,500 in bad checks to local merchants, authorities said.

Returned here by Dawson County Sheriff Paul Wahley, Morrison waived preliminary hearing in County Court and entered a plea of guilty to forgery charges in District Court.

Among the merchants who took one of his checks Christmas Eve was a car dealer, from whom Morrison had "purchased" a 1956 model auto, it was reported.

## French Drink Too Much Wine, Investigator Says

PARIS (INS) — Frenchmen drink 156 million gallons of wine a year, a professor said, and that's much too much.

Prof. Robert Debre, chairman of the Committee for Study and Research on Alcoholism, said in his first annual report that Frenchmen spend about 9 per cent of their money on alcohol.

By contrast, he said, they spend only 3 per cent on housing, 4.5 per cent on education and 5 per cent on health.

Agence France Presse said Debre pointed out that Frenchmen drink a third of all the wine produced in the world annually.

## St. Laurent 74

OTTAWA, Ont. (AP)—Prime Minister Louis St. Laurent celebrated his 74th birthday by arriving for work two minutes later than usual.

"I guess we can excuse him for this once," an official said.

The Liberal party chieftain worked at his desk and read congratulatory telegrams and letters.

## Charged In Shooting, Billy Daniels Finds Moral

By ARTHUR EVERETT

NEW YORK (AP) — Night Club Singer Billy Daniels wound up his Copacabana engagement Wednesday night under \$2,500 bond in a Harlem bottle club shooting and with a moral for one and all.

"The moral is: Don't go drinking in strange places," counseled the \$10,000 a week Negro singing star who gained fame with his rendition of the song "That Old Black Magic."

Daniels, 40, appeared in felony court earlier on charges that he shot and wounded James Jackson, 33-year-old prize fight trainer, in an after hours drinking brawl. Daniels denied the charges, claiming he blacked out under a load of booze and didn't recall any gunplay.

Asst. Dist. Atty. Carl A. Vergari told Magistrate Thomas H. Cullen Jr.:

"An investigation has shown both men were drinking and the injured man heard Daniels had a gun. He asked for the gun. Daniels refused to give it up. There was a tussle and the gun was fired three times."

One bullet struck Jackson in the

**Ress, RR Officials Meet**

**About Neb. City Viaduct**

Burlington and Missouri Pacific Railroad representatives conferred with State Engineer L. N. Ress on plans for a viaduct on State Route 2 at Nebraska City between U.S. 73-75 and the Missouri River bridge.

Ress said the need for such a facility has increased since the bridge became toll-free. Planning still is in the preliminary stage, however.

shoulder. The wound was not serious.

From Harlem sources came a slightly different version. Said one alleged eye-witness:

"They were arguing over chicks . . . and finally one thing led to another and this cat whipped out the difference and started firing away."

**Ran Up Buddy's Back**

"Everybody ducked for cover and I got so scared I ran up my buddy's back like a window shade. Man, it was something."

Jackson wasn't saying anything about how, where, or by whom he was shot. As for Daniels, beyond his general denial that he had a gun or did any shooting, he claimed he was in no position to argue what happened.

"I wish I knew," he told reporters with a shrug.

Daniels was slashed in the face by a white Hollywood actress in 1950. She charged he attacked her, he claimed she tried to shake him down. He never pressed charges.

In 1954, a blonde white showgirl accused Daniels of kicking and beating her unconscious in his Los Angeles dressing room. Daniels denied it. Her \$75,000 damage suit was dismissed early last month.

As for his current difficulties, Daniels remarked:

"I really need that old black magic now."

## NEW GERIATRIC FORMULA CAN DO WONDERS FOR YOU!!

These amazing, Power-Packed Capsules contain vital health and body-building elements which are often lacking in an unbalanced diet. Deficiencies of this kind may result in:

**Nervousness, Lack of energy, Loss of appetite, Constipation, Common Digestive Upsets, Pale, Weak, Nutritionally Anemic Blood**

PARTICULARLY AMONG THE MIDDLE-AGED AND ELDERLY

In the absence of actual organic or systemic diseases, these are, according to the nation's foremost medical and nutritional authorities, substantially due to deficiencies resulting from our modern mode of living.

GERIATRICS is the branch of Medical Science which is concerned with middle-to-old age conditions.

Our capsules supply not only all the essential B Complex Vitamins with

Vitamin C, Liver, Blood-Building, Assimilative Iron (Catalysed) plus a full 3 micrograms of the new amazing "Rad" Vitamin E; but also, in goodly amounts Choline, Inositol and Methionine so badly needed by the middle aged and elderly.

• MAKES LIVING A THRILL • MAKES A GOOD APPELITE

• FEEL BETTER IN EVERY WAY • SLEEP BETTER & WORK BETTER

**GERIVITES** 100 Day Supply . . . . . REG. Now \$4.95

Mailed orders shipped postpaid.

PENNEY'S BASEMENT

# Wednesday Wedding

MRS. JAMES WALTON GARRARD, IV

White chrysanthemums filled the altar vases and were repeated in the floral appointments for the chancel at Trinity Church, Episcopal in Marshall, Mo., where the wedding of Miss Mary Ida Barnds, daughter of the Rev. and Mrs. William Paul Barnds of Ft. Worth, Tex., formerly of Lincoln, and James Walton Garrard, IV, son of Mrs. J. W. Garrard, III, took place on Wednesday afternoon, Feb. 1. The 3:30 o'clock ceremony was solemnized by the bride's father, former rector at St. Matthew's Church, Episcopal, in Lincoln, and the wedding music was played by Miss Nancy Bradshaw, organist, of Independence, Mo.

Mrs. John D. Baldwin of Omaha, formerly of Lincoln, wearing the cotillion blue shade, was the matron of honor and the bridesmaids, in the powder blue tone, were Miss Shirley Langhus of Lincoln and Miss Betty Sue Pender of Kingston, Mo. The frocks, identically styled, were fashioned of tulle over taffeta and were designed with shirred bodices in which the necklines, rounded in front, deepened into back V's. The extremely bouffant skirts were floor-length. Each carried a cascade bouquet of blue and white chrysanthemums.

Lloyd Robert Brown of St. Louis, served Mr. Garrard as best man, and the ushers were Richard Chandler, Independence, Mo.; Ronald A. Phillip, West Allis, Wis.; and William Mikels.

The bride, given in marriage by her uncle, William W. Sterrett

## Madam Chairman

### MORNING

Lincoln Council of Parents and Teachers, board meeting, 10 o'clock at the Public School Administration Bldg.

Girl Scout volunteer trainers, 9 o'clock at the Girl Scout office. Camp Fire Girls leaders of zone IV, 9:30 o'clock at the home of Mrs. Clarence Glee, 1219 So. 26th.

# A FRESH SUPPLY

WE DON'T give a fig for the groundhog—and we don't care whether he sees his shadow or not—provided, of course, the six weeks left of winter is as interesting as the season has been up to now.

This morning we have a fresh supply of events that will tend to make the days and the evenings as pleasant as possible. And we also have a new list of travelers who, apparently, intend to take no chances on Monsieur le Groundhog—

AND we heard that the members of the Walking Club will be together this evening for the first time in several weeks. They will be the dinner guests of Mr. and Mrs. George G. Swingle who are having a "come in the place-you-would-most-like-to-be clothes" party.

BUT before we get on with things on the calendar—Just this minute learned that Howard S. Wilson is to leave Thursday for Pasadena, Calif., where Mrs. Wilson underwent surgery for a ruptured appendix at Huntington

Hospital on Wednesday. Mr. Wilson will spend several days in California during Mrs. Wilson's convalescence.

ON Friday evening the Mr. and Mrs. Club will be dining and dancing at their "Sweetheart" party at Hotel Lincoln, when their guest list will include Mr. and Mrs. James Crutrack, Mr. and Mrs. R. C. Venner, Mr. and Mrs. James Nelson, Mr. and Mrs. LeRoy Anderson, and Mr. and Mrs. Robert Portwood of Hastings.

SATURDAY night is dinner dance night for the members of the Monday Night Club and we hear that their guest list will include Mr. and Mrs. Frederick Seacrest, Philip S. Hardy, Mr. and Mrs. Fred M. Sidles, Gen. and Mrs. Claude Putnam, Col. and Mrs. William Gillespie, Mr. and Mrs. Howard Agee of Omaha; Mrs. Richard Childs, Weston, Mass., and Mr. and Mrs. David Walcott.

AND before we open the books on travelers we think you may be interested in learning that Miss Barbara Bell, daughter of Mr. and Mrs. B. E. Bell, has chosen Saturday, May 5, for her marriage to Thomas L. Shaw of San Francisco.

The wedding will take place at Blessed Sacrament Church.

Miss Bell, who is careering in San Francisco, will be home only for 10 days preceding her wedding.

JUST learned that Mr. and Mrs. Harold Hoppe will be leaving

next Tuesday for a three weeks holiday in Mexico City and other interesting points.

THEN we learned that Mr. and Mrs. E. M. Weaver also will be Mexico bound next week. Mr. and Mrs. Weaver will go first to Mexico City, but have plans for a variety of places—including Acapulco.

En route home Mr. and Mrs. Weaver, who plan to be away a month, will stop in Houston, Tex., for a visit with former Lincoln residents, Mr. and Mrs. Delbert Amos.

LEAVING soon for California will be Mrs. Lincoln Kilbourne who will join her brother, F. Pace Woods, Jr., for a week's holiday at Palm Springs.

BUT speaking of travelers—Mrs. R. R. Robinson will be leaving soon for Europe—She sails on the Christopher Colombo on Feb. 23, and will land at Gibraltar—After Gibraltar Mrs. Robinson will spend a month touring Europe before settling down for a visit with her brother-in-law and sister, Col. and Mrs. James Ogletree in France.

LUCKY for us that everyone doesn't leave town at the same time—there are those who are coming home—Mr. and Mrs. Frank Zajic, for instance, who had planned to return from Mexico on Wednesday—but really weren't expected, due to the snow storm. However Mr. and Mrs. Zajic will be in town today—or at the latest—tomorrow.

# California Visitors

Arriving in Lincoln early this week from their home in San Diego, Calif., were Mrs. Dorothy Coffin Hickey and her daughter, Miss Cindy Hickey, who are the houseguests of Mrs. Hickey's sister, Mrs. L. K. Bourke.

Frequent visitors in Lincoln, both Miss Hickey, who is a former student at the University of Nebraska, and her mother

are members of Pi Beta Phi sorority.

Following the wedding of their nephew and cousin, John T. Bourke, and Miss Joan Joyner on Friday evening, the guests will return to the west coast.

## Guild Buys Sculpture

At the recent meeting of the Lincoln Artist Guild, announcement was made that the Guild had purchased "The City," a welded steel sculpture by Kathryn Nash of Omaha, which will be added to the Guild's permanent collection at Morrill Hall.

The sculpture was exhibited at the All Nebraska Show held at Joslyn Museum in Omaha, and later in Lincoln at the Morrill Hall art galleries.

## To Entertain Music Club

Miss Frances Morley will be hostess to the members of the Morning Musical Review at her home, 1632 Prospect, Thursday morning, Feb. 9.

The program will be presented by Mrs. Milburn Johnson, Mrs. Eugene Johnson, Mrs. Jack Snider and Mrs. Clark Thomas.

## Square Dance Club To Meet

The members of the Singer-Swinger Square Dance Club will meet at 8 o'clock on Friday evening at Park School. Hosts and hostesses for the evening will be Mr. and Mrs. Don Weishahn and Mr. and Mrs. Tom Stocker.

# February Bride-Elect Honored

Concluding the long list of pre-nuptial courtesies honoring Miss Joan Joyner, whose marriage to John T. Bourke will be an event of Friday evening, Feb. 3, was the tea Wednesday afternoon for which Mr. Bourke's mother, Mrs. L. K. Bourke was

hostess at the Hotel Cornhusker. Seated (from the left) are Mrs. Bourke; the honoree, Miss Joan Joyner; Miss Joyner's grandmother, Mrs. G. O. Joyner of Broken Bow; and the bride-elect's mother, Mrs. Newell Joyner.

Guests included in the picture

are (left to right) Mrs. Trev Gillaspie, Mrs. Howard Hall and Mrs. Marvin Broadbent of San Diego. Mrs. Broadbent will be a member of Miss Joyner's bridal party for the ceremony, which will take place at Vine Congregational Church.

# Clubs To Aid Drive

Announcement has been made by Mrs. F. H. Barmore of Lexington, president of the Nebraska Federation of Women's Clubs, that 38 women's clubs in the state will sponsor the annual Heart Fund drive in their communities during the month of February.

Appointed one of four associate chairmen of the Nebraska Heart Fund drive by state chairman Robert B. Crosby, former governor, Mrs. Barmore stated that there had been great response from the women's clubs in the state many of which will participate in local drives.

Sponsoring the drives in their

communities will be club members in Adams, Alexandria, Arcadia, Beaver City, Bennet, Bennington, Blue Hill, Bruning, Chester, Cook, Davenport, Diller, Douglas, Edison, Endicott, Exeter, Fairmont, Giltner, Hardy, Henry, Ithaca, Jansen, Kenesaw, Leigh, Madrid, Max, Millford, Nehawka, Nelson, Oakdale, Raymond, Rockville, Scribner, Shickley, Steele City, Stella, Ulysses and Wood Lake.

Clubs assisting in the drive will be Bartley, Champion, Culbertson, Elwood, Gordon, Haigler, Pilger, Stockville, Bancroft and junior clubs in Geneva and Venango.

# Study Of Meat Market 'Spread' Set

## FB Group Plans Iowa Research

DES MOINES (AP) — A research program aimed at developing a more streamlined method of marketing livestock and meat was announced Wednesday by the Iowa Farm Bureau Federation.

The research study will be undertaken by a newly-incorporated affiliate of the Iowa Farm Bureau, the Iowa Marketing Research Corp. It will be headed by Reynold Hughes, who recently headed a team of American specialists who developed and built a packing industry in Turkey.

E. Howard Hill, Iowa Farm Bureau president, said his organization's members had been asking why there is such a wide spread between consumer prices of meat and market prices of livestock. The research project is designed to provide the answers, he explained.

He said the study would cover "the entire area of meat production, processing, distribution and sales," and added:

"We are not interested in witch-hunts. But we are convinced that both the consumer and the farmer would reap tremendous benefits if a more streamlined and more economical movement of meat can be developed."

# Douglas Hurls 'Gloom-Doom' Back At GOP

WASHINGTON (AP)—Sen. Douglas (D-Ill.), called a "prophet of gloom and doom" by the Republicans in 1954, threw the words back at the GOP Wednesday.

Douglas found flaws in the administration's money plans for the fiscal year beginning July 1 and told Budget Director Rowland R. Hughes:

"I'd say the Budget Bureau has become a prophet of gloom and doom for the coming year."

Douglas said President Eisenhower's budget presupposes that the national economy will stay at about the level it was in the last three months of 1955. He said that would mean increased unemployment, since the population and productivity keep growing.

# New Grange Building Opens For Inspection

Lincoln Star Special

FRIEND, Neb.—The Friend Grange welcomed the public to its new building for the first time this week when it held a ham dinner for the public. Five hundred persons attended.

# Judy Garland And Jake Lamotta On N.Y. Scofflaw List

NEW YORK (INS) — The names of Judy Garland and former boxing champion Jake Lamotta stood Wednesday on a list of alleged "Scofflaws" issued by the New York City Traffic Summons Control Bureau.

"Scofflaw" is the name the city gives to those who failed to heed traffic tickets.

According to bureau director Saul J. Allen, Miss Garland ignored five parking tickets in 1951-52, and Lamotta failed to answer two summonses in 1952-53, both for speeding.

Names of diplomats also were posted on the list. They included Consul General Canedo of Bolivia, charged with 31 unheeded parking tickets, and Argentine Consul General Louis George Estevevano, 26 tickets. They claim diplomatic immunity to traffic tickets.

Champion on director Allen's list was actor William Collins who failed to answer 65 summonses.

Judy Garland's tickets were issued during her sensational 20-week "comeback" appearance at New York's Palace theater.

# EISENHOWER TO BE ON BALLOT IN MINNESOTA

ST. PAUL, Minn. (AP) — Sen. Thye (R-Minn.) Wednesday entered the name of President Eisenhower in the March 20 Minnesota primary with a statement that he was confident the President will be a candidate and will be re-elected.

The senator filed the names of 25 persons pledged to support the President at the Republican National Convention.

In the primary, two Republican delegates will be elected from each of the state's nine congressional districts and seven from the state at large.

"We are entering the President in the Minnesota primary confident that he will be a candidate for re-election and certain that he will be returned to the White House for a second term by a landslide vote," said Thye as he presented filing petitions signed by more than 1,000 voters.

# Adlai Warns Against GOP 'Money, Press'

OAKLAND, Calif. (AP) — Adlai Stevenson Wednesday warned Democrats against overconfidence in the 1956 presidential campaign.

Campaigning for the Democratic nomination in this key state, Stevenson told a meeting of AFL-CIO leaders in the AFL Labor Temple:

"When you have the coincidence of big money and big business and a big press in possession of the government, you have a very formidable situation indeed."

Stevenson, in the midst of a tour of California said he has sensed confidence in Democratic prospects on the West Coast but he added:

"I suggest that maybe the situation of the Democratic party in the forthcoming campaign isn't as comfortable as some of you may expect."

A Democrat

The 1952 Democratic presidential nominee said he hoped his listeners would support him this year. But if they see fit not to he expressed hope they would still vote for a Democrat.

Sen. Estes Kefauver of Tennessee, winner of the 1952 Democratic primary here, is challenging Stevenson for the state's 68 delegates to the Democratic National Convention.

Stevenson arrived here by plane from Sacramento. His schedule calls for a round of informal meetings in San Francisco Thursday.

# Adm. Pride Takes Pacific Fleet Air Force Command

SAN DIEGO, Calif. (AP) — Vice Adm. Alfred M. Pride took command Wednesday of the Pacific Fleet Air Force from Vice Adm. Harold M. Martin, who is retiring from the Navy.

Pride, 58, recently commanded the 7th Fleet in the Formosa area.

Martin, 59, will live in Memphis, Tenn. He was given a 17-gun salute as he walked down the gangway of a Navy ship for the last time before retirement.

The change of command ceremony was held aboard the aircraft carrier Wasp in San Diego Bay.

Pride told reporters after the ceremony that there is no indication the Chinese Communists have backed down on their threat to take Formosa.

He said the Nationalist Chinese still hope to invade the mainland but opinion is divided whether they would win support of the common people in an invasion.

# Most Disliked

TOKYO (Thursday) (INS)—Russia has been voted the world's "most disliked nation" in a poll of elementary and junior high school students in southern Japan's resort city of Beppu. A majority of 582 pupils polled by the left-wing Japanese teachers union gave as the main reason for their choice: "Russia likes war or conducts war." But the U.S. was voted the second "most disliked" nation because "it dropped atomic bombs on Japan."

# Polite, Troubled Prince In Coast Auto Collision

By LOUELLA O. PARSONS HOLLYWOOD (INS) — Prince Rainier III didn't forget his manners when he ran into Albert Kaufman Jr.'s car.

The prince was driving a big auto and he didn't know how to manipulate the lights. The Kaufmans were driving their car on Sunset Boulevard when the accident happened. Grace Kelly had not returned from the studio yet.

"Prince Rainier jumped out of his car and handed over more papers than I've ever seen," said Albert. "He even showed his passport, all kinds of identification cards, etc."

"I'm so sorry, so sorry," he kept saying, "but I just can't work my car lights."

Mrs. Kaufman was the only one injured. She wrenched her back and neck, but the X-rays show no broken bones.

The Prince, very apologetic, at once offered to pay all damages, saying, "it was all my fault, and I'm so sorry."

When the young Kaufmans found out who he was, all they could say was, "we're sorry, too. It's our new car."

But even so, it's not everybody who gets run into by such distinguished — and polite — royalty.

# Bancroft Newspaper Suspends Publication

BANCROFT, Neb.—The Bancroft News, which was started last March by Mr. and Mrs. Willard Diedrichs, publishers of the Pender Times, suspended publication with the Jan. 27 issue. Mrs. Martin Vogt was editor.

# 14 Killed In Europe Cold And Blizzard

LONDON (AP) — Europe's worst blizzard in 10 years Wednesday night claimed 14 lives and spread icy fingers even into Mediterranean countries.

After 48 hours of near arctic conditions, weathermen expressed hope the cold wave would break up in a few more days.

Frigid air masses from Siberia sent thermometers tumbling.

Moscow reported a temperature of 38 degrees below zero there—75 degrees colder than in Antarctica where a Soviet South Pole expedition is exploring. Yakutsk had a reading of 58 degrees below zero at noon.

Schools closed in many places in Norway and Sweden. In Stockholm the gas pressure fell low and people in the suburbs had no means of cooking their evening meals.

**Ships Caught**

At least two small ships were caught in the ice in the Kattegat, entrance to the Baltic. Icebreakers along the Danish coast tried to keep ports open. A Copenhagen dairy reported that frozen milk cracked 50,000 of its bottles.

In Germany, the Mitterland Canal froze solid trapping 50 barges. Barge traffic between Berlin and the Western zones was at a standstill. Three children lost their lives when they fell through the ice on an East Berlin lake. The cold broke trolley wires in Berlin.

City after city across Europe reported the coldest weather for 10 years.

# Four Omaha Policemen Injured In Accidents

OMAHA (AP) — Four policemen suffered minor injuries when their cars were in collisions with other vehicles.

Two of the policemen suffered wrenched necks and two suffered bruises.

**Heart Seizure**

LOGAN, W. V. (AP)—Alonzo Bryant, 51-year-old Verdunville man, was riding home from work when he saw a child topple from a car in front of the one in which he was a passenger.

The child was not injured. But Bryant died of a heart seizure.

Here is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add three. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

# Nebraska Wrestlers Overcome Many Handicaps To Improve Record

By DON BRYANT  
Sports Editor, The Star

The University of Nebraska wrestling team has a 2-2 record, due largely to the efforts of Coach Don Strasheim, a handful of grapplers and plenty of spirit.

In fact if it wasn't for Strasheim's enthusiasm which has rubbed off on a few mat men there might not even be an NU wrestling team.

"Win, lose or draw," Don says, "These kids are the greatest. They don't have any practice competition to help them get in shape. But they have plenty of heart. I'd back them to the limit."

There are only eight men on the Husker mat team, all at different weights. In other words, the practice they get comes from each other and there's never any one pushing them for a spot on the team.

That makes improvement par-

ticularly difficult, but Strasheim feels there has been a marked improvement.

"The kids make up for the lack of competition with enthusiasm," he says. "They just made up their minds to improve and did."

This fact is substantiated by the record. The NU squad lost its last 10 matches in 1954 and all of the 1955 matches. This year Strasheim's team has a pair of wins to go with a pair of losses. That's improvement in any book.

Members of the 1955-56 wrestling team are:

Arnold Morton of Oberlin, Kan.—A 157-pound senior, Morton is the only undefeated man on the team.

Marshall Nelson of Kimball—Nelson is a 123-pound junior.

Jim Owens of Lincoln — He's a 130-pound junior.

Jack Briens of Omaa — Also a junior, Briens grapples at 147.

Al Rosen of Omaha — A 167-pound sophomore.

Warren Diefendorf of Waterville, Kan. — Another sophomore, he weighs 137.

Dan Brand of Bellevue — The squad heavyweight, Brand also is a sophomore.

The eighth man on the squad becomes eligible for competition at the start of the second semester. He's Bob Pickett, a 167-product of Cheyenne, Wyo.

Nebraska, without question, is at a disadvantage in Big Seven wrestling circles. It's the only school in the conference that offers absolutely no financial aid to participants.

Oklahoma and Iowa State, always producers of top teams, provide full scholarships — a la football — while Kansas State and Colorado grant tuition and books. Kansas and Missouri don't field teams.

But there's also another important reason the Huskers have difficulty finding wrestlers. There are only a handful of high schools in the state which have prep programs.

Colorado and Kansas, for example, have about 100 high schools competing in wrestling.

"Wrestling is an expensive sport because you have to have mats and mat covers," Strasheim says. "And there are very few coaches available for the schools."

However, according to Don, several Nebraska high schools are planning on installing mat programs "as soon as they can get equipment and coaches."

**Little Experience**

Lack of high school experience is evident on this year's Nebraska varsity.

Average prep experience of the eight-man squad is a mere 1.6

years. Compare this with the football player who enrolls with three or four years of prep experience and you see the handicap.

Here's a rundown of high school experience:

Briens (4), Morton (4), Rosen (2), Pickett (2), Owens (1), Brand (none), Nelson (none), Diefendorf (none).

Even by adding the experience gained since entering the university, the squad overall average is only two years.

What about prospects for the future?

"We've got a nice freshman group," Strasheim says. "But only five of the 10 or twelve regulars have any high school experience."

Prep veterans who figure to help the Huskers include Ken McKee, Gail Baum and Norlan Cooper, all of Lincoln; John Anderson of Cheyenne, Wyo., a state champion and

named the outstanding high school wrestler in Wyoming last year; and Dick Adams of Omaha.

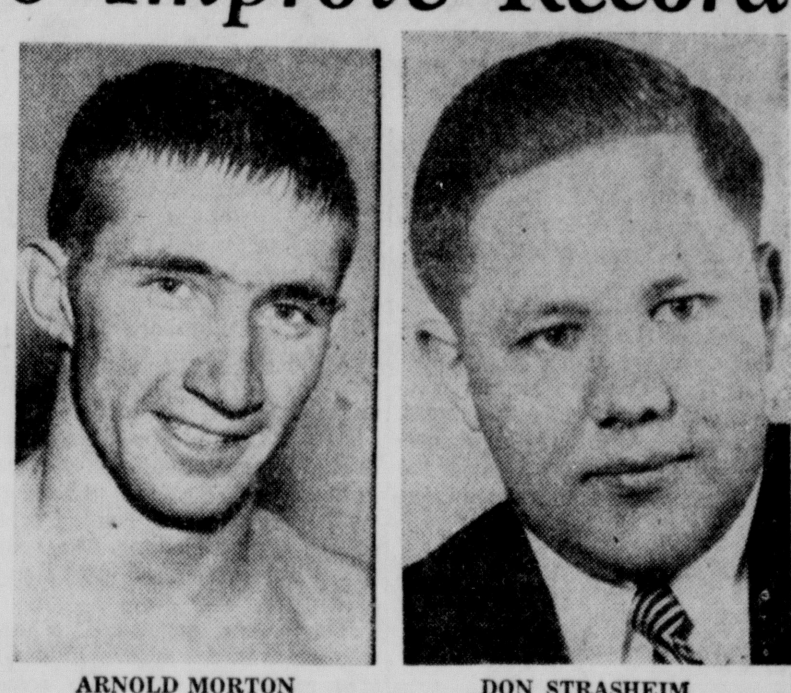

Other promising candidates include Sam Walton of Lincoln, Bob Weiger of Bellevue, Carl Jet of Omaha, Mal Dohrman of Kearney and Bill LaFleur, a junior college transfer.

And as for the rest of this year, Strasheim says, "We may win some more matches or we may lose them all, but these kids are real hustlers and will give 100 per cent all the time. That's all I can ask."

**No Quarter**

The two Nebraska wrestling wins to date and any future victories can be recorded as testimonials to hard work against tough odds. But Coach Strasheim and his Husker mat men aren't asking any quarter.

They're used to fighting uphill battles.

ARNOLD MORTON

DON STRASHEIM

## NWU To Play Wayne

Nebraska Wesleyan University and Wayne State Teachers college will engage in a battle of cellar-dwelling Nebraska College Conference basketball opponents here Thursday night.

The two clubs—each considered to be a title contender when the season was launched a month ago—now sport 2-5 loop records.

Irv Peterson's Plainsmen—victims of bad breaks in their dismal early season performances—may have discovered the victory formula that will move them into the top division of NCC standings.

Last Friday night a substitute-sprinkled Plainsmen crew disposed of formidable Kearney state in easy fashion while the regulars rested. The number one Plainsmen unit returned to full-time duty the following night to whip undefeated Hastings 83 to 70 and send the high-flying Broncos tumbling into second place in loop standings.

Lefty Hixson, the ex-Lincoln Teachers ace who moved from far down on the Wesleyan bench to a starting job in two week's time, has been the new key to Plainsmen success. Hixson has demoralized opponents with his deadly outside shooting and aggressive ball hawking tactics, which appeared to lend new life to the Lincoln crew last week.

The Plainsmen will again sacrifice a considerable height advantage to the Wildcats—a disadvantage that didn't seem to bother against Russ Bogue's Hastings crew Saturday night.

The Lincoln club will also gain rebounding strength with the addition of Arvid Barney, former Northeast high school star who earned all-state recognition during his high school days.

Barney has played out his eligibility requirements with the Wesleyan reserves during the first semester. The husky 6-3 inch pivot expert, is expected to lend both offensive and defensive strength to the Methodists.

Clinch First U.S. Olympic Medal

Figure skaters Alan Jenkins (right) and Donald Robertson led the U.S. sweep of the Olympic men's figure skating championship at Cortina d'Ampezzo, Italy, Wednesday. Jenkins, of Colorado Springs, took top honors in an unofficial count over Robertson, 18, of Long Beach, Cal., who pushed the winner in a tight finish. (AP Wirephoto.)

# Middleweight Title Scrap Set

## Jenkins Gets First Gold Medal For Uncle Sam

By JOHN E. LEE

CORTINA D'AMPEZZO, Italy (INS) — World champion Hayes Allen Jenkins pirouetted to the first U.S. gold medal of the Winter Olympics Wednesday, while two teammates completed a clean sweep of the first three men's figure skating places.

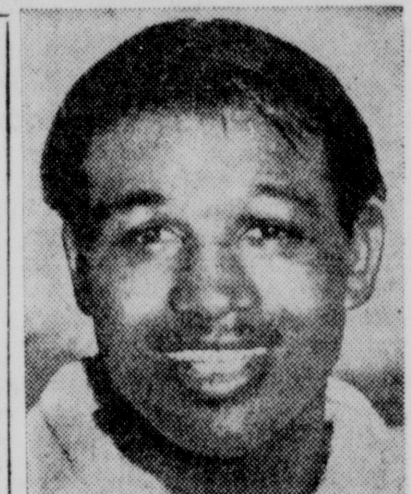

Eighteen-year-old Ronnie Robertson of Long Beach, Cal., and Jen-

kins' younger brother, David, placed second and third, respectively, to add 19 points to Uncle Sam's previously meager total in the unofficial team standing.

It was the biggest single-event harvest by any nation during the games at Cortina, raising the Americans to seventh place in the standings with 28-1/2 points but leaving them far behind Russia's first-place total of 94.

The Soviets, upset by three doughty Finnish girls in the women's cross-country ski relay, scored only five points Wednesday. Behind them in the over-all figures came Austria 48-1/2, Norway 44, Sweden 43, Finland 38, Switzerland 33-1/2, U.S. 28-1/2, Italy 21-1/2, Germany 10, France 9, Holland 7, Poland 6, Japan 5, Canada 5, Spain 3, Czechoslovakia 3 and Britain 1.

Along with Jenkins' and Finland's relay victories on Wednesday's program, Madeleine Berthod, a comely Swiss milkmaid, gave her tiny country its second championship by flashing home in the downhill ski race.

SUGAR RAY ROBINSON

## Olson-Robinson Return Scheduled For April 27

HOLLYWOOD (AP)—Hollywood Legion Stadium announced Wednesday it will stage the rematch for the world middleweight title between Sugar Ray Robinson and Carl (Bobo) Olson here next April 27.

Matchmaker Jack Leonard said the bout was agreed to by managers of both fighters and by Presi-

dent James D. Norris of the International Boxing Club.

Robinson came out of retirement to score a dramatic second-round knockout win over Olson in Chicago last Dec. 2.

The official signing for the rematch will take place here at a date to be named.

The fight site has not been chosen, but Wrigley Field and Gilmore Stadium are being considered.

## Andrade Wins Nod Over Ex-Champion

CHICAGO (AP) — Surprising Cisco Andrade of Compton, Calif., flashed a stubborn attack to score a split decision over three-time lightweight champion Jimmy Carter in a televised bout at the Chicago Stadium Wednesday night.

It was a bristling, fast-moving bout virtually devoid of clinches.

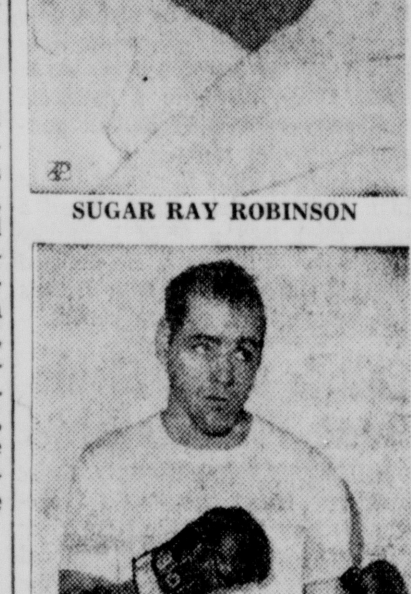

Carter was favored on the basis of his experience and a 4-pound weight pull, 140 to 136.

One judge and the referee gave the verdict to Andrade, 26-year-old insurance broker in Los Angeles while the other judge voted for Carter, 97-95, the same as the AP card.

Referee Joey White voted for Andrade 96-95 and Judge E. Allen Frankel saw it for the West Coast scrapper, 95-94.

The judge voting for Carter was Lou Capparelli.

It was an important victory for Andrade, his 32nd against only two defeats and a draw, and may have set him up for a title match with 135-pound king Wallace Bud Smith.

BOBO OLSON

## Ferzacca's Release Said Forthcoming

MILWAUKEE (AP)—F. L. "Frosty" Ferzacca probably will be released as head football coach at Marquette University within a week or 10 days, it was learned late Wednesday.

A source close to the Marquette athletic situation who refused use of his name said newly named Athletic Director Lawrence "Moon" Mullins will recommend several possible successors to Ferzacca to the university's athletic board.

There's an outside chance that Ferzacca's name will be among those handed to the board for approval, the source said, but added that it was not likely. He has a year remaining on a three-year contract calling for \$10,000 annually. His two-year record at Marquette is 5-11-2.

There was no indication who other candidates for the post might be.

Mullins, now finishing up his affairs as athletic director at Kansas State College, was named to the directorship at Marquette two weeks ago.

The Rev. John G. Holbrook, chairman of Marquette's athletic board, indicated Saturday that the decision as to whether Ferzacca would be fired or retained rested solely with Mullins. He said he felt sure the board would approve Mullins' recommendation.

## Bums Ink Jackson; 24th Player Signed

BROOKLYN (AP)—The Brooklyn Dodgers announced the signing Wednesday of Randy Jackson, third baseman acquired in a winter deal with the Chicago Cubs.

Jackson, who was traded to Brooklyn for Don Hoak and Walt Moryn, is the 24th Dodger to sign his 1956 contract.

Last year Jackson hit 21 homers, the most in his major league career and hit .265, driving in 70 runs. Jackson, who became the regular third sacker for the Cubs late in 1950, led the National League in double plays for third baseman last season with 26.

Father "Ike" Hanscom and son Ladd each will be awarded degrees from the University of Nebraska Saturday.

## Coach, Athlete Father, Son To Be Awarded Degrees

A common interest in athletics will bring degrees to both a father and son at University of Nebraska commencement exercises Saturday.

Haven H. "Ike" Hanscom and his son, Ladd, will each receive degrees from Teachers College based on their work in physical education.

Ike, assistant track coach and instructor in charge of counseling and guidance for the athletic department, will be awarded his Master of Education degree in school administration. Ladd, a physical education and industrial arts major, will receive his Bachelor of Science in Education degree.

Both Hanscoms are familiar figures around the athletic department. Father Ike, a University staff member since 1948, served as freshman football coach before assuming his present job as coun-

selor for about 300 University athletes.

Son Ladd has been a member of the University track team for four years and was a freshman numerical winner in basketball and football. His best season was in 1954 when he won the broad jump in three straight track meets.

As a matter of fact, Ladd's athletic career at the University won't quite end with graduation. Since the second semester doesn't start until Monday, Ladd will be eligible to compete in the meet with Kansas State on Saturday night.

Although Ike has been taking a few credit hours each semester since 1952, he and his son have never shared a class.

Ike explained that he has taken most of his work at night and in summer sessions. This semester he took a few regular classes and completed the work for his degree. His experiences, plus those of oth-

er coaches, formed the basis for his thesis on the philosophy of modern day coaching which deals with the handling of athletes and relationships with faculty and administrators.

His education won't end with his master's degree since he plans to take further courses in school administration and counseling.

Ladd also hopes eventually to continue his education. His present plans will find him teaching physical education and industrial arts in junior high school at Pueblo, Colo., second semester.

The move to Pueblo will be a homecoming of sorts for Ladd since his bride of two months will be waiting for him. He married Dorothy Juilis of Sterling, a University graduate, in December. Dorothy has been teaching in Denver but she, too, will join the Pueblo faculty at the start of the second semester.

## Favorites Advance In Stanton Meet

STANTON — Tourney favorites Columbus St. Bon's and Clarkson won opening games handily Wednesday night to advance to the semifinals of the Stanton Invitational here.

St. Bon's trampled Pierce, 57-41, and Clarkson romped past Leigh, 71-51.

St. Bon's will tangle with Howells and Clarkson plays Stanton in the semifinals Thursday night.

Ed Kavanaugh was the spark of the Bonnies attack. He hit 23 points. Pierce threatened until the final quarter when St. Bon's made a runaway of the game with a 14-point outburst and limited Pierce to seven points.

Dennis Secheyk netted 17 points for the Bonnies. Dennis Korth and Gene Voechs paced Pierce. Korth scored 16 and Voechs tossed in 15.

St. Bon's 57-41 Pierce 15 14 14 14-57

Pierce 13 7 14 7-41

Clarkson took an early lead over Leigh and never relaxed its grip for the win. A 20-point third quarter spurge was the clincher for the winners.

Bob Moore lead the Clarkson scorers with 16. Darrell Smekkal scored 14. Leigh's pacemaker was Gary Belohrad, who registered 17 points. Guy Englehart netted 16 for Leigh.

Clarkson 71-51 Leigh 14 18 20 19-71

Leigh 10 12 13 16-51

## Damato Released By Lincoln Chiefs

Infielder Joe Damato, veteran minor league player, has been given his outright release by the Lincoln Chiefs.

Damato joined the Chiefs in the late stages of the 1955 season following several years service in the Texas League. He hit only .211 in 32 Lincoln games but helped the Chiefs with good defensive play.

A spokesman for the Chiefs said, "At 33 years of age Damato does not figure in our basic plans and he has indicated interest in a managerial post with a lower classification club."

This change leaves the Lincoln active list at 33 players.

## Pitt Coach Mentioned For Washington Job

SEATTLE (AP)—John Michelosen of the University of Pittsburgh was mentioned Wednesday as a top prospect for the vacant University of Washington head football coach job.

The Times, quoting a "reliable source," said Michelosen was reported to be in line for the post.

## Weather Delays Lake Land Option Signing

**Lincoln Star Special**  
BEATRICE — Because of adverse weather conditions, the signing of the land option for the proposed Burchard Lake Recreation area has not been completed, George Pinkerton of the Land Acquisition Committee told a meeting of the board of directors of the Gage County Fish and Wildlife Association Wednesday night.

## Nashua And Swaps Will Race Again

HALLANDALE, Fla. (INS) — Swaps and Nashua—principals in the most publicized match race in history last summer—will match strides again in the Gulfstream Park Handicap March 17.

Blanks nominating Swaps for the mile and a quarter event were received at the Hallandale course Wednesday and Nashua's trainer, 81-year-old "Sunny" Jim Fitzsimmons said the nomination for his horse was in the mail. Deadline for entries was midnight Wednesday.

Nashua, purchased recently by Leslie Combs and associates for \$1,251,200 from the estate of the late William Woodward, lost to the California-bred Swaps in the Kentucky Derby.

The million-dollar horse evened the score by outdistancing Rex Ellsworth's champion in the match race last August.

## Favored Western Wins In Trailways

EXETER—Beaver Crossing, Fairmont, Shickley and Western moved into the semifinals of the Trailways Conference tourney with wins Wednesday night.

Favored Western tripped host Exeter, 64-48. Shickley clipped Dorchester, 61-37. Beaver Crossing jarred Milford, 66-51 and Fairmont nipped Milligan, 39-35.

The Fairmont-Milligan contest had a storybook ending. Milligan led, 20-11 at the end of the first period, 26-20 at the half and 35-31 at the end of three quarters.

But Milligan never notched a point in the final period and Fairmont dropped in eight points for the 39-35 win.

Jerry Smith was top scorer for Fairmont with 13 points. Richard Oliva led Milligan with 14.

After trailing at the end of the first quarter Western took the lead at halftime and secured the victory over Exeter with a torrid final period.

Duane Smith was high for Western with 23 points. Vernon Thompson of Exeter was the loser's sharpshooter. He poured in 20 points.

Shickley, paced by the 23-point shooting of Dick Anderson, galloped past Dorchester with ease.

Shickley had the game under control at halftime, 39-15.

Fred Howlett was Dorchester's high scorer. He netted 13.

Shickley, 16 23 12 61  
Dorchester 19 12 10 37  
Beaver Crossing tossed in 23 points in the last quarter to outrun Milford.

Milford trailed by only four points entering the period, but tallied only 12 as Beaver Crossing pulled away.

Beaver Crossing 19 13 11 53-66  
Milford 13 16 10 32-51  
In the reserve tournament, Western whipped Milligan, 42-29; Exeter smashed Dorchester, 55-23; Fairmont nudged Milford, 33-26; and Beaver Crossing walloped Shickley, 45-20.

**Berry Named Coach**  
BOZEMAN, Mont. (AP) — Joe W. Berry of Stetson University has been named football line coach at Montana State College, Coach Tony Storti announced Wednesday.

Getting The Lowdown On A Big Man

Alex Michelini, who is only four feet 10 inches tall and weighs 87 pounds, climbs aboard a table to interview fellow Temple University student Tink Van Patton, 6-3 sophomore on Temple's basketball team. Temple was undefeated until Wednesday night. Michelini, a reporter for the student Temple News, buys most of his clothes in a boys' shop while Van Patton has his made to order. (AP Wire-photo).

## Jerry Bird Leads Kentucky To Win

LEXINGTON, Ky. (AP)—Jerry Bird, in a hot shooting streak late in the first half, provided Kentucky with the cushion it needed to down Duke, 81-76, in a battle of nationally ranked basketball powers Wednesday night.

Bird hit 12 of 15 Kentucky points in a 5-minute drive that turned a tight duel into a 38-29 Kentucky advantage of the half. He finished with 29 points to tie with Duke's Joe Belmont for scoring honors.

## Felix's Free Shots Beat Philadelphia

PHILADELPHIA (AP)—Ray Felix sank two free throws with 7 seconds to play to give the New York Knickerbockers a 105-104 National Basketball Assn. victory over the Philadelphia Warriors Wednesday night in two overtime periods.

Felix calmly sank both shots after Referee Sid Boggia called a deliberate foul on Neil Johnston, Warrior's center, for pushing.

It was the Knicks' second victory over the Warriors in a two-night Philadelphia stand. In the Eastern Division, however, the second-place Boston Celtics 107-106 loss to Minneapolis left the Warriors 3½-game lead undamaged.

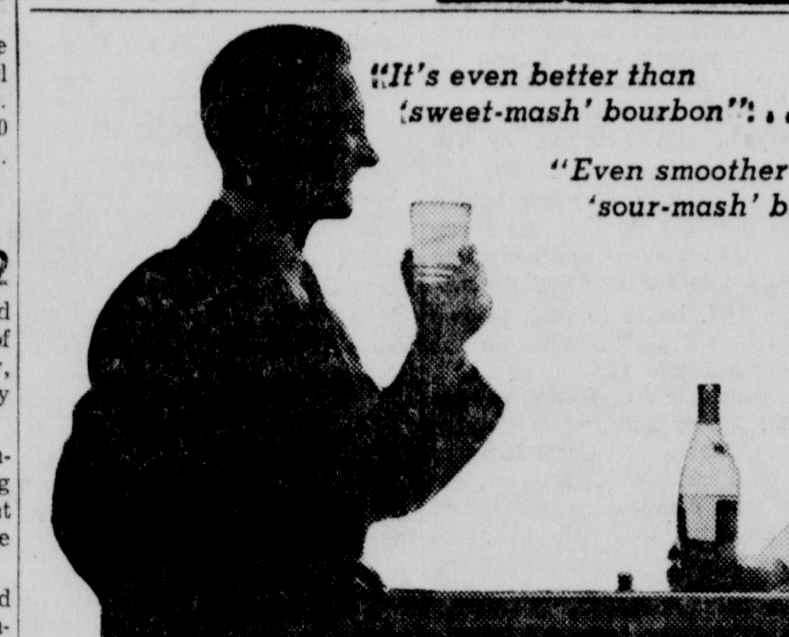

## Pairings Listed For Butler County Meet

DAVID CITY—Bellwood Marietta, Bellwood, David City St. Mary's and Brainard are the seeded teams in the Butler County basketball tourney which begins here Feb. 7.

In opening round games Marietta meets Ulysses, Rising City plays Bellwood, St. Mary's tangles with Linwood and Dwight Assumption plays Brainard.

## Mikkelsen's Shot Defeats Boston

MINNEAPOLIS (AP)—A 6-foot jump shot by Vern Mikkelsen with 4 seconds to play gave the Minneapolis Lakers a 107-106 triumph over Boston in a National Basketball Assn. game Wednesday night.

"It's even better than 'sweet-mash' bourbon!"  
"Even smoother than 'sour-mash' bourbon!"

The one and only  
"mellow-mash" bourbon...

Mellow Yellowstone

For over 100 years, people have been discovering something "new" in old Kentucky... a different bourbon, remarkably free of bite.

It has the best features of sweet and sour-mash bourbon. It's a step better—mellow-mash, the exclusive Yellowstone way of achieving full-bourbon flavor with light body.

THE ORIGINAL "NO-BITE" BOURBON  
Kentucky Straight Bourbon Whiskey 96 Proof  
Also available 100 proof bottled-in-bond

Distilled and bottled by Yellowstone, Inc., Louisville, Kentucky, Division of Glenmore Distilleries Company

## Halas Will Name Bear Boss Today

CHICAGO (INS) — George Halas, owner of the Chicago Bears who stepped out as head football coach after serving for 36 years in that capacity, announced Wednesday that he will name his successor Thursday.

The 57-year-old Halas, pioneer of professional football, said he met Wednesday afternoon with the man he has "chosen to succeed me."

Halas refused to divulge the name of the new coach but it is generally believed that Luke Johnsson, a Bears' assistant and player since 1928, has the inside track for the job.

Johnsson, a native of Chicago, was appointed assistant coach in 1937 and was named co-coach of the Bears from 1942 to 1946 when Halas served in the Navy.

Under Halas, the Bears won seven world pro titles and 11 western division championships.

Other possible candidates mentioned — all in the Bear's organization — are Clark Shaughnessy, an assistant coach, and former quarterback Sid Luckman.

## NE Wrestlers Nip Lincoln High, 25-23

Northeast wrestlers evened the score with the Lincoln High matmen Wednesday afternoon, nipping the Links, 25-23.

The score was identical to that of an earlier meet, but Lincoln High was on the long end of the score in the first scrap.

The Links staged a rally by winning the last two matches of the meet, but couldn't overcome the Northeast lead.

Six of the matches were won by pins.

Lincoln High's Mark Reimers kept his winning streak unblemished in the 167-pound class, but Gene LaRue, his Northeast opponent, newly outlasted him. Reimers finally nipped LaRue with 41 seconds remaining in the match.

**RESULTS**  
95-pounds—Pearson (LH) won by forfeit.  
103-pounds—Rominger (LH) and Brown (NE) tied, 4-4.  
112-pounds—Venner (LH) pinned Point in 5:45.  
120-pounds—Colon (NE) pinned Keller in 4:35.  
127-pounds—Dormer (NE) pinned Lopez in 2:35.  
133-pounds—Nibler (NE) pinned Hawkins in 4:45.  
138-pounds—Casement (LH) decided Logan, 12-8.  
145-pounds—McDowell (NE) pinned Maden in 2:24.  
154-pounds—Weisch (NE) decided Barnhill, 14-8.  
165-pounds—Reimers (LH) pinned LaRue in 5:19.  
Heavyweight—Wallick (LH) decided Richter, 8-2.  
Exhibitions—Place (LH) decided Vander, 5-2; Smedley (NE) pinned Mosely in 6:48; Spore (NE) pinned Ammerman in 2:14; Bauman (LH) pinned Alington in 1:30; Minsinger (LH) pinned Ritchie in 3:03; Snyder (LH) decided Lassick, 4-0.

**Will Walls Joins Buff Football Coaching Staff**  
BOULDER, Colo. (AP)—Colorado University added Will Walls, 40-year-old Texan, to its football coaching staff Wednesday.

He was a teammate of Sammy Baugh at Texas Christian, coached the Kilgore, Tex., Junior College eleven in 1946 and later was an assistant at Louisiana State.

Walls played professional football with the New York Giants.

## Chadron Prep Win Streak Snapped

CHADRON—The longest winning streak in Nebraska was snapped Wednesday when Torrington, Wyo., nudged Chadron Prep, 62-55.

Coach Archie Conn's defending state Class C champs started slowly—scoring only six points the first quarter—and trailed at the half, 21-35.

But the Junior Eagles, sparked by veteran Jay Muma, battled back and took the lead midway in the final period. The rally was halted by the tall Torrington crew, however, and the visitors pulled away in the final minutes. Prep had won 37 straight.

Chadron Prep beat Chadron Assumption, 49-40, Tuesday night.

## Michigan State Nudges Detroit

DETROIT (AP)—Michigan State almost blew an 18-point lead but defeated the University of Detroit 85-78 in basketball Wednesday night on the last-minute shooting of sophomore Jack Quiggle.

Quiggle, a 6-3 guard from South Bend, Ind., scored five points in the final 60 seconds and killed a Detroit rally.

## Royals Rally

ROCHESTER, N. Y. (AP)—The Rochester Royals rallied strongly in the second half Wednesday night to defeat Syracuse 83-77 and hand the defending champion Nats their ninth straight road defeat of the National Basketball Assn. campaign.

# Pender's Shipwright Sparkles In Tournament

By RON GIBSON  
Star Sports Staff Member

Richard Shipwright, high-scoring Pender High basketball whiz, is The Star's Basketball Player of the Week.

Shipwright averaged 34 points in four games during the Logan Valley Tournament last week. Pender won the meet to remain unbeaten and jump to second in The Star's Class B ratings.

Nebraska basketball Coach Jerry Bush watched Shipwright in the LV tourney, and reports he is a top college prospect. Shipwright, 6-3, plays the post but has a variety of shots and can hit from the outside.

Shipwright can jump and rebounds ably. He can hook with either hand, a rare accomplishment for a high school player.

Other standouts last week:

Jerry Taylor, Neliah—Got 28 points in loss to Wayne.

Frank Kennicutt, Elsie—5-11 senior scored 34 as Elsie whipped Brule.

Wayne McFarland, Summer—He scored 27 points to lead Summer to a 71-55 win over Elm Creek.

Merlin Mitchell, Craigton—Outstanding play led Craigton in reverse win over Wausa.

Tom Baker, Neliah—10 points in first quarter got Neliah off to big lead against Battle Creek in Cornbelt Tourney finals.

Dick Galt, Norfolk—Held Grand Island scoring ace Larry Frazier scoreless as Panthers beat Grand Island for first time since 1947.

Dick Heldt, Wayne—Scored 27 points as Wayne beat Blair and moved to top in Class B.

Junior Dicke, Stratton—Hit for 30 points as Stratton trimmed Indianola, 54-43.

Don Hauweller, McCook, Red Willow—15 rebounds, 25 points led team against Wilsonville.

Jack Vohorit, Prague—Held David City St. Mary's ace Max Coufal scoreless while making 10 points.

Ken Challquist, Mead—Sparked Mead out of Cedar Bluffs.

John Borgeson, Holdrege—Clutch shooting in final minutes kept Geneva from catching Holdrege.

Doyle Watson, Arapahoe—6-4 center scored 44 points in loss to Bertrand.

Dick Hessel, York—Got Ducks off to a fast start in win over Pullerton.

Dick Ober, Falls City Sacred Heart—Two free throws in last two seconds beat Salem, kept win streak intact.

Don Salboro, Shubert—Scored 33 points as Shubert broke Big Eight scoring mark with 100 points against Stratton Union.

Max Martz, Beatrice—Led second-half attack which enabled Beatrice to rally and whip Crete.

Gary D'Amico, Fairbury—Penciled victory over Hastings with 16 points, rebounding.

Kenny Filbert, Lincoln—12 points in last quarter gunned Links' win over Omaha Tech.

Gene Kohza, Lincoln Cathedral—Rebounding and scoring power stung Omaha Cathedral.

Gene Henry, Omaha Tech—Big center scored 25 against Lincoln.

Jim Hage, Lincoln University—Sophomore's floor play and 20 points factored in upset of Minder.

Jack Harvey, Southeast—Led Knights to win over Wahoo.

Ron Raver, Craig—Hit for 45 of his team's 83 points against Herman, 40 of 78 against Arlington—that's 95 in two games.

Einar Anderson, Uehling—Seven for eight free throws in last three minutes led win over Lyons.

Bill Fisher, Tobias—Floor play tops in win over Okmou.

Bud Painter, Tobias—Scored 38 points, controlled boards in Ohio game.

Gerald Hartman, Guide Rock Eckley—Scored 29 points in Eckley win over Fairfield.

Dennis Zurek and Gale Howard, Sargent—Floor play tops against Callaway.

Bob Reimers, Inman—Hit for 28 against Chambers as Inman won 15th straight.

Jay Muma and Dick Minus, Chadron Prep—29 and 23 points against Hemingford kept Prep win streak alive.

Gerald Roe, Humboldt—25 points sparked win over Adams in Southeast Six title game.

Dallas Timmons, Hordville—30 points led Hordville in 85-76 overtime loss to Gilmer.

## Mack Won't Make 68th Trip South

PHILADELPHIA (AP)—Ninety-three-year-old Connie Mack is not expected to go South this year for the first time since 1888.

The former owner and manager of the Philadelphia Athletics has not recovered fully from a broken hip suffered late last year. His son, Roy, said Wednesday the family has not decided finally on whether the Grand Old Man of baseball would make his annual trip to Florida, but that he doubted very much if he would go.

Roy said his father was in good spirits and was taken for a drive every day. He still is unable to walk and has to be carried to and from the car. Mack was supposed to visit with his son, Connie Jr., at Fort Myers, Fla., this month.

# Power From Mo. River Projects 'Will Pay Back Cost In 50 Years'

WASHINGTON (AP)—Power revenues from Missouri River projects the Reclamation Bureau estimates, will be sufficient to repay federal costs within 50 years after completion of the last unit of the present program.

Rep. A. L. Miller (R-Neb.) reported this Wednesday on the basis of figures prepared for him by the bureau. Miller asked for the report some time ago because, he said "there has been some speculation that the power revenues from plants in the basin have been over-subscribed, and that they will not be sufficient to permit application to irrigation projects."

Miller said the report shows that revenue will be sufficient on the current rates of 5.5 mills a kilowatt hour for firm energy, 3.3 mills for nonfirm energy and 2.5 for pumping energy.

Power Pays Part Revenues from sale of power

generated from projects within the Missouri River basin are made available to pay part of the costs of basin irrigation and reclamation projects. The balance of those costs are paid by the irrigators, with some federal grants for flood control, fish and wildlife and recreational benefits.

Miller said the report shows that total cost of all units of the Missouri River basin, completed or under construction, is slightly more than \$2,100,000,000. The power

plants have a capacity of 1,331,200 kilowatts and the projects include 336,200 irrigable acres.

About 38.5 per cent of the cost will be reimbursable from power, irrigation and municipal water revenues. About \$30,936,000 will be repaid by irrigation users; \$891,000,000 will be repaid by the sale of commercial power and \$2,600,000 from the sale of water to municipalities.

The bureau's report also covers projects to be developed under a

6-year plan. These include Ainsworth, Farwell, Frenchman-Cambridge, Lavaca Flats, North Loup (first stage), Sargent, Shadell and Harlan county in Nebraska.

The report said full development of these units would irrigate 1,027,100 acres and produce 2,100,200 kilowatts of power. Total cost, with interest during construction, is estimated at \$3,300,000,000. Plans call for \$112,390,000 to be repaid by the water users; \$1,462,943,000 to be earned from the \$906,968,000 in-

vestment in power plants and \$8,435,000 to come from the sale of municipal water. The non-reimbursable portion for flood control and other features is \$1,350,000,000.

## Painful Chop

SAN ANTONIO, Tex. (AP)—Police officer E. J. Fivel used a "judo chop"—a sharp blow in the back of the neck with the hand—to subdue a man who resisted arrest. It worked. The man was jailed for creating a disturbance. Fivel went to a hospital with a little finger broken in three places.

## Ress To Attend Federal Highway Proposals Hearing

State Engineer L. N. Ress will go to Washington, D. C., next week to attend a Congressional committee hearing on pending federal highway legislation.

Ress is a member of the executive committee of the American Association of State Highway Officials, which will take part in the hearing along with the Bureau of Public Roads.

The roads sub-committee of the House Committee on Public Works is conducting the hearings.

## She Says Baker's Best For Dandruff-Itchy Scalp

RIVERTON, Neb.—Mrs. J. W. Woods, says: "I had given up hope of ever getting relief from the misery and embarrassment caused by dandruff and itchy scalp. I heard about Baker's Hair Tonic, and what it had done for others, so decided to try one more thing. It is really wonderful, and I want everybody troubled with dandruff and itchy scalp to know about it."

The Maker's Guarantee: Baker's Hair Tonic will do the job on dandruff and itchy scalp. Baker's Lathering Shampoo will make your hair look better, or Money Back.—Adv.

# Brucker Hits Ridgway 'Politics' Charge

WASHINGTON (INS) — Army Secretary Wilber M. Brucker sharply denied Wednesday Gen. Matthew B. Ridgway's charges of "political pressure" in the Pentagon and also lashed out at the Air Force position on atomic war.

The secretary stated his views emphatically in a question-and-answer session with newsmen after a National Press Club speech in which he accused Russia of "operating a gigantic, global shell game" and warned that any U. S. Soviet war would be "long, desperate and exhausting."

Brucker, asked whether he agreed with Ridgway's assertion that domestic political considerations have influenced the U. S. military budget, snapped: "My answer is a categorical 'no.'"

He challenged the Air Force doctrine that the first few weeks of an all-out nuclear conflict are likely to be decisive by declaring: "Certainly the first 60 days will not break the American will to fight."

Brucker added: "No matter what kind of war we might have to fight and no matter what might happen in its early phases, you can be certain that the major combat burden would fall upon ground troops."

He said: "If, in the end, we are called upon to fight an unlimited nuclear war — if deterrents should fail, it will in all probability be a long, desperate and exhausting struggle."

As for Ridgway's belief, aired in a magazine series, that Eisenhower administration military man-

power policies have dangerously weakened the nation's global defense status, Brucker said the Army is "sufficiently large under existing circumstances to afford us a proper margin of safety."

The secretary asserted that the Russian "peace offensive" is nothing more than a "gigantic, global shell game" operated by the Kremlin, which he labeled "the biggest of all 'grifters.'"

He said: "The world is always being asked to guess under which

shell will be found the 'pea' that stands for peace.

"The strategy is to keep the world as confused as possible about its real aims and intentions."

"An aggressive enemy who possesses huge ground forces can be expected to make use of them to attain his ends."

Brucker branded as a "dangerous myth" the theory that "wars can be fought and won by remote control, with machines and push-buttons."

## Norfolk State Hospital Drops Doctor's Pay

By ARCH DONOVAN  
Star Staff Writer

The name of Dr. Norman B. Render, recently hired Clarinda, Ia., psychiatrist, was dropped from the January payroll of the Norfolk State Hospital because he wasn't yet licensed to practice medicine in Nebraska.

Dr. Render, who had been paid in excess of \$900 after tax deductions for the month of December, was relieved of his duties after the Board of Control was informed by the Board of Health that he was not properly licensed.

Harold Peterson, administrative assistant to the Control Board, would not say whether Dr. Render had been dismissed or whether he had been given a non-medical assignment. Peterson, speaking in the absence of Board Chairman Thomas Dreda, said only that the board was "trying to work something out" in the case.

Wolford Applies

Meanwhile, an application for a state license was received by the Board of Examiners from Dr. Jack Wolford of Warren, Pa. The Board of Control recently announced the employment of Dr. Wolford as superintendent of the Hastings State Hospital.

Kenneth Watson, director of the Bureau of Examining Boards said a question existed about whether Dr. Wolford's application and accompanying affidavits met the requirements of Nebraska law.

He explained that the application, along with several others from Pennsylvania, will be submitted to the Board of Examiners in the Basic Sciences at a meeting later this week.

Board To Decide

Where separate examinations are given in Nebraska on the various basic subjects, some states, including Pennsylvania, include two or more subjects in a single examination. Watson said the board would have to decide whether the subjects are covered in a comparable way to the exams given here.

If the board acts favorably on the basic science examination the application will then go to the Board of Examiners in Medicine and Surgery.

The basic science board consists of L. O. Vose, Lincoln, Walter Ingram, State Teachers College, Wayne; Leo P. Clements, Creighton College of Medicine, Omaha; and Dr. H. E. Eggers and John S. Latta of the Nebraska College of Medicine, Omaha.

## Close Relations

GENOA, Italy (AP)—Manuel Alberto Rio, Argentina's new ambassador to the Vatican, predicted renewed close relations between his government and the Roman Catholic Church.

Rio told newsmen on arrival here that the new spirit brought about in Argentina by the overthrow of President Juan D. Peron last September will work out also in relations between the state and the Catholic Church.

## New Year's Eve Knifing Results In Fine Of \$250

An 18-year-old Lincoln youth was fined \$250 Wednesday in Lancaster County Court for assault and battery in connection with a New Year's Eve knifing.

Ronald W. Beatty, 18, of 239 No. 14th pleaded no contest before County Judge Herbert Ronin to the amended assault charge, which was reduced by the county attorney from assault with intent to do great bodily harm.

Beatty was charged with assaulting Arnold Kehm, 21, of 827 A on Dec. 31 on O between 9th and 10th. Kehm was hospitalized for a knife wound in the stomach following the incident.

Beatty, who had pleaded innocent to the charge of assault with intent to do great bodily harm, was treated for a head cut received in the incident.

## Merger Proposal On Ohio School Districts On File

A proposal for merging of nine school districts in the Ohio, Neb., area was filed with the State Reorganization Committee.

The district are No's. 9, 30, 38, 39, 40, 41, 42 and 73 in Fillmore County and No. 34 which lies partly in Thayer.

The state committee considers the proposal and makes recommendations but has no power to enforce its recommendations.

The proposal was submitted by a joint committee composed of members of the Fillmore and Thayer County School Reorganization committees.

## 'Tax On Love'

BOSTON (AP) — The Massachusetts House rallied to the defense of true love.

The House quickly killed a bill to raise the fee for a marriage license from the traditional \$2 to \$3.

Rep. Louis A. Glaser (D-Malden) opposed the bill.

"It would be a tax on love," he said.

# Ike-Eden Meeting Results Given Congressional Praise

WASHINGTON (INS) — The results of the three-day Eisenhower-Eden cold war conference won broad Congressional approval Wednesday.

Senate Foreign Relations Chairman Walter F. George (D-Ga) noted he has not yet had an opportunity to study the full communication but added: "I can only say that it apparently deals in a general treatment of the problems of the Middle East in accordance with our previous commitments."

George particularly praised the proposed three-way U.S., British and French conference on easing Israeli-Arab tensions.

He said: "I think the tripartite declaration of 1950 should be very firmly restated and that such a meeting should be held."

Knowland Praises  
Senate Minority Leader William F. Knowland (R-Calif) who has criticized foreign policy moves of the Eisenhower administration in

the past, voiced his approval of the joint declaration issued by the President and British prime minister.

Knowland commented:

"The joint declaration by the

President and the Prime Minister ably states the case of the free world in seeking peace with honor.

"But it also makes clear that the free world will not be paralyzed in event of Communist aggression.

"Rather than new propaganda proposals, the Soviet Union is, in effect, reminded that a compliance with the Atlantic Charter, the United Nations Charter and other treaties they have signed and vic-

lated would be a more effective demonstration of good faith and peaceful intent.

Not Going To Yield

"In any event, we are not going to yield to Communist threats or consent to the destruction of our friends and allies by any international outlaws."

Sen. Mike Mansfield (D-Mont) said:

"It's a good general statement. I'm very happy over their emphasis for the need of the peaceful development of the atom and their reiterated faith in West Germany.

"I had hoped they would give serious consideration to a joint policy by Britain and the U.S. of pooling our research in development of the ballistic missile because apparently the Soviet Union is ahead in this field. We should pool our resources in the developments of this ultimate weapon."

Sen. Homer Capehart (R-Ind) said: "The people of the United States are in favor of doing anything that will honorably avoid war. This agreement ought to help. I see nothing to quarrel about on other issues."

## 40-Day Jail Term, \$200 Fine Levied In Traffic Case

A 19-year-old airman from the Lincoln Air Base was fined a total of \$200 and was sentenced to 40 days in jail in Municipal Court Wednesday.

The airman, William Strathern, pleaded guilty to two complaints of driving under a suspended license. He lost his license under the penalty point system.

Judge John Jacobson fined Strathern \$100 and sentenced him to 20 days in jail on each of the two counts. The airman was arrested on Jan. 24 and Jan. 31.

Strathern had pleaded guilty

## Girl Plots Parents' Murder

... Shoots Mother

SCRANTON, Pa. (AP) — A pretty blonde high school girl and two men plotted three attempts on her parent's lives and climaxed the fantastic scheme when the girl shot her mother, Asst. Dist. Atty. Ralph Needle said Wednesday.

Sixteen-year-old Marlene Chomko wanted her parents killed so she and Samuel Diana, 22, a Sicilian immigrant, could marry and "live happily ever after" in the Chomko's expensive home in nearby Taylor, Needle said.

Marlene signed a statement admitting she shot her mother in the back Monday, Needle said. He gave this version of the plot:

Marlene and Diana wanted to kill Joseph and Margaret Chomko, both 38, so they could be married. They discussed it with John Pitta, 34, who said he would help them.

Couldn't Catch Him

On Jan. 9, the trio followed Chomko's truck when he left for New York on a trip to pick up a load of bananas for distribution to northeast Pennsylvania dealers. They planned to halt the truck by a bullet in the wheels and then kill Chomko when he stepped from the vehicle. But Pitta's old car wasn't fast enough to overtake the truck.

On Jan. 19, the girl telephoned the two men while her parents were out for the evening. They decided to ambush the Chomkos on their return. But the parents came home earlier than expected.

On Monday, Marlene shot her mother. Then she and Diana took one of the family's two new convertibles and again tried to catch up to Chomko on the road to New York.

Meanwhile, the mother, although only half conscious, was able to get to a telephone.

State police intercepted the couple at nearby Daleville. A revolver was found in the car. Diana and the girl offered no resistance when captured.

## Fire Hits Times

LOS ANGELES (INS) — A stubborn fire swept through the Los Angeles Times Building Wednesday, causing an estimated \$200,000 in damage.

The blaze started in an insulated pipe shaft on the second floor and flames and smoke drove employees from the building shortly after the Times' final press run. Firemen battled for two hours before the fire was extinguished.

The smoke damaged the city room, cafeteria, basement press room and other areas including the penthouse conference room of the publisher. Cause of the fire was not immediately determined.

## Baby Arrives In Snowbank; Mom, Tot Fine

KAMLOOPS, B. C. (AP) — A baby's birth in a snowbank in five below zero cold, while the mother was trudging along to a neighbor's was reported here Wednesday.

Both Mrs. May Bishoff and the baby girl survived the ordeal without ill effects, a doctor reported. The incident occurred last weekend near the little town of Celesta, 60 miles east of here in British Columbia's interior. Mrs. Bishoff had sent one of her nine children for help. After an hour passed, she started for a neighbor's herself.

The neighbor met her on the road shortly after the baby was born and helped her back to her home. Mrs. Bishoff's husband died several months ago.

## Mrs. Alma Heilman Services Friday

Funeral services for Mrs. Alma Heilman of 2729 No. 57th, who died Wednesday at the age of 78, will be held at 2 p.m. Friday at Roper and Sons.

The Rev. Carl Davidson will officiate and burial will be at Waverly Cemetery.

Mrs. Heilman was born at Red Oak, Ia., and lived on a farm between Prairie Home and Waverly for 1907 until 1945, when she moved to Lincoln.

She was a member of the Waverly Methodist Church, Waverly Grange, Martha Washington Chapter 153, OES, and the University Place WSCS.

Surviving are her husband, Samuel E.; two daughters, Valeria Heilman of Lincoln and Mrs. Willard B. (Gladys) Wright of Phoenix, Ariz.; a brother, John M. Penn of Santa Ana, Calif.; two sisters, Mrs. Frances Jefferson of Lincoln and Mrs. Belle Jefferson of Seattle, Wash., and one grandson.

## EIGHT 'TRUTHS AND AIMS' AGREED UPON

WASHINGTON (AP) — Here is a summary of the eight "truths and aims" upon which President Eisenhower and British Prime Minister Eden agreed Wednesday in their joint "Declaration of Wash-

ington":  
1. The state should exist for the individual, not vice versa. Therefore, people have a basic right to choose their own government.

2. The United States and Britain have proved their sincerity by deeds, such as helping 600 million persons to attain nationhood.

3. The United States and Britain seek to develop with others "a large volume of mutually beneficial trade."

4. The Communist rulers seek to encompass the world, through military, political or economic penetration. Any nation which succumbs to Communist threat, promise or enticement "will lose its independence."

5. To meet the Communist challenge, almost 50 nations have voluntarily joined together for collective security.

6. The United States and Britain "shall never initiate violence" and "stand constantly ready" to settle world disputes peacefully through the appropriate United Nations machinery.

7. The United States and Britain

pledge to "persevere in seeking a just and lasting peace" and world disarmament. But the free world must retain its deterrent power "as an essential shield."

8. Human rights must be main-

tained where secure, defended where in peril, and peacefully restored wherever temporarily lost. The two countries pledge to "eagerly grasp" any genuine chance to end world tension.

# U.S. And Russia To Exchange Church Delegations

Americans Will  
Leave Next Month  
On 10-Day Visit

NEW YORK (U)—A delegation of American Protestant leaders will make a 10-day trip to the Soviet Union next month to extend "greetings in Christ" to Russian church leaders. A group of Russian Orthodox Church leaders will visit the United States in June.

Plans for the exchange were approved, with one abstention, at a meeting Wednesday of approximately 120 members of the General Board of the National Council of the Churches of Christ in the U.S.A.

The council, composed of 30 Protestant and Eastern Orthodox denominations with 35 1/2 million members, is sponsoring the Americans' trip—described as the broadest church contact with religion in Russia in 40 years.

Eight leaders presently are scheduled to make the "church-to-church" trip to Moscow, starting March 9.

Invited

The Rev. Dr. Eugene Carson Blake, president of the council, said a Negro had been invited and had accepted but that his name would not be disclosed until the Russians approve a visa for him.

Ralph N. Arkush, of New York, a representative of the Russian Orthodox Church, was the lone recorded abstainer on the resolution approving the trip.

The Rev. Dr. Roswell P. Barnes, the council's associate general secretary, told a news conference no Orthodox representative was included because there has been a controversy between Russian Orthodox groups here concerning recognition of the patriarchate of the Orthodox Church in Russia.

The Rev. Dr. Blake said inclusion of a Negro in the delegation was not intended to offset possible propaganda against an all-white delegation.

Should Be

He said possibly seven million persons whose churches are members of the council are not white and that they should be represented.

The council president, who also is the chief officer of the General Assembly of Presbyterian Churches in the U.S.A., said there are no plans to meet Soviet political leaders.

Present members of the American delegation are:

The Rev. Dr. Blake; the Rev. Dr. Barnes; the Rt. Rev. Henry Knox Sherrill, presiding bishop of the Protestant Episcopal Church; the Rev. Dr. Franklin Clark Fry, president of the United Lutheran Church; Dr. Paul B. Anderson (Congregational Christian), member of the council's International Affairs Department; Dr. Charles C. Perlin, New York attorney, a Methodist member of the council's General Board; the Rev. Dr. Herbert Gezork, a Baptist leader and president of Andover Newton Theological Seminary, Newton, Mass.; and the Rev. Dr. Walter W. Van Kirk, (Methodist), of Mount Vernon, N. Y., who heads the council's Department of International Affairs.

## Here In Lincoln

Roper & Sons Mortuary.—Adv.

Talk by Mrs. Abel.—Mrs. Hazel Abel, former U.S. Senator from Nebraska, will be speaker at the Thursday noon meeting of the Lincoln Lions Club. She will discuss her experiences in Washington.

Hodgman-Solain Mortuary.—Adv.

Roberts Speaker.—Walter Roberts, personnel director of the Lincoln Telephone and Telegraph Co. will speak at the Knife and Fork Club meeting Thursday noon.

Wadlow's Mortuary.—Adv.

Film Scheduled.—Members of the Lincoln Optimist Club are to see a film on the propaganda lines of Soviet Russia and the activities of the Crusade for Freedom and Radio Free Europe in combating this propaganda at their Thursday noon meeting.

Roberts Mortuary.—Adv.

To Hear State Treasurer.—Ralph W. Hill, Nebraska State treasurer, will speak on "Problems of the State Treasurer and Equalization of Taxes" at the Thursday meeting of Sertoma Club.

Midwest Roofing for all types of Roofs and Siding. 5-2510.—Adv.

Settlement Approved.—A \$1,000 lump sum settlement to Herbert T. Bucknell, a superintendent with the State Game, Forestation and Parks Commission, from the State of Nebraska for alleged injuries received Nov. 10, 1954, in a car-truck collision during employment, has been approved by the Lancaster District Court.

## 'Concrete'

PARIS (INS)—The joint statements released in Washington by President Eisenhower and Prime Minister Eden were regarded in Paris as a concrete contribution to Western solidarity.

Frenchmen felt the statements justified France's reminder to Washington and London on the eve of the U.S.-British talks that nothing could be done in the Middle East without French cooperation.

Science Develops New Tablet:

Relieves "Hot Flashes," Irritation From Change-of-Life For 8 of 10 Tested—Without Costly Injections

Boston, Mass. (Special)—Medical science now offers women new freedom from much of the miseries of change-of-life! You no longer have to face those years with dread. Today, you can have relief from "hot flashes," tortured nerves and other functionally-caused distress... thanks to a remarkable tablet developed especially to relieve these discomforts. Doctors report amazing results using this home treatment alone... and no expensive injections.

Irritability was calmed. Dizziness was relieved. Suffocating heat waves subsided. A feeling of "well-being" returned for woman after woman. 8 out of 10 women tested found complete or striking relief! Unlike aspirin and "general-purpose" remedies, this new formula is a unique combination of special medicines... that acts directly on the cause of these troubles. The new tablet acts through a woman's sympathetic nervous system to relieve the tense feelings and physical distress that have brought unhappiness to so many homes. Clinical tests prove it has positive medical action.

This amazing formula is now sold at drug stores, without a prescription, under the name of "Lydia Pinkham's Tablets." Developed by the world's largest manufacturer devoted exclusively to women's ailments! Easy-to-take, contain blood-building iron. If you are going through change-of-life, don't let it rob those years of joy. Start taking Pinkham's Tablets at home today. See how fast you can feel your happy self again—without troublesome injections! (Also liquid Lydia E. Pinkham's Vegetable Compound.)

## 29,000 County Licenses Sold At Mid-Point

At mid-point in this year's auto licensing period, Ralph Saathoff, chief of the Lancaster County License Bureau estimated 29,000 plates have been issued in the county.

Saathoff said the figure was well over the comparable time last year in spite of the extension of 15 days for the licensing period.

Last year, the delinquent date was Feb. 15, but the 1955 Legislature extended the delinquent date to March 1.

The law's effect is that, 1956 plates must be on the car the last day of February or the owner is subject to the legal penalty beginning March 1.

Saathoff estimated that approximately 50,000 plates might be issued this year, an increase of about 2,000 over 1955.

Of the 29,000 plates issued thus far, he said approximately 9,000 or roughly one-third were processed by mail.

## Serious Thought

OTTAWA (U)—Foreign Secretary Lester B. Pearson said Canada would give serious and sympathetic consideration to a proposal for establishing a U. N. Palestine police force.

The British advanced the idea at Eden-Eisenhower talks in Washington. American reaction was described as cool.

Pearson told the House of Commons no proposal for Canadian participation in an international police force had been received.

## 9 Crewmen Saved

HAVANA, Cuba (U)—The Cuban tanker Telco foundered off the port of Baracoa but its nine-man crew was rescued. The vessel was carrying a cargo of kerosene to Santiago de Cuba when it sank under the buffeting of strong winds and high seas near Cuba's eastern tip.

## Jaycees Launch Membership Drive

Lincoln's Junior Chamber of Commerce will start its annual membership drive Friday with a kick-off breakfast.

Gov. Victor Anderson and Mayor Clark Jeary were among more than 40 persons expected to attend, according to Vince Collura, Jaycee publicity chairman. The drive will run to Wednesday noon.

Collura said 200 new members will be sought. He said the memberships of the Omaha and Lincoln Jaycee organizations are nearly equal and that 200 new members would put Lincoln ahead of Omaha with a total of nearly 1,000 members.

Val Kleppinger and Ed Dosek are co-chairmen of the drive.

## OIL WORKERS PAY UPPED BY MAJOR FIRMS

NEW YORK (U)—Wages for thousands of workers in the oil industry were boosted Wednesday by 6 per cent—or \$26 or more a month.

One after another of the big companies announced the boosts. Both union and non-union employees will benefit.

First announcements came from Gulf Oil Corp., Esso Standard Oil Co., Socony Mobil Oil Co., and Humble Oil & Refining Co.

The pattern generally was this: A 6 per cent wage boost, with a minimum raise of 15 cents an hour, for hourly rated employees. They are understood to have averaged about \$2.50 an hour.

An increase of 6 per cent for salaried workers, with a minimum increase of \$26 for such workers.

## TODAY'S CALENDAR

Thursday  
Geological Survey, YWCA, 11:30 a.m.  
Jane Jefferson Democrats, YWCA, noon.  
Sertoma Club, Chamber of Commerce, noon.  
Lions Club, Chamber of Commerce, noon.  
Council of Churches, YMCA, noon.  
Comedy—"King of Hearts," Lincoln Community Playhouse, 8:30 p.m.  
Basketball—Wayne vs. Wesleyan at Wesleyan, 7:30 p.m.

## Primary Election Set For Sidney March 13

SIDNEY, Neb. (U)—Sidney will have a primary election March 13. This was assured when the number of candidates for two city council posts reached seven. The law provides if there are more than four a primary must be held.

## Clouse Services Are Held In Edgar

EDGAR, Neb.—Double funeral services for Mr. and Mrs. Claude Clouse, Edgar farm couple who were killed in a plane crash near Paxton Sunday, were held Wednesday afternoon at the Methodist Church in Edgar.

Meanwhile, services for L. E. Rogers, 34, North Platte real estate agent, and auctioneer who piloted the ill-fated plane, were held Wednesday afternoon at the First Methodist Church in North Platte.

## Selling, Snow Move

## Most Grains Down

CHICAGO (AP)—A majority of grain futures ended lower on the Board of Trade Wednesday, partly because of expanded selling in the closing 15 minutes.

It didn't take until late in the session for new crop wheat contracts to retreat, however.

They went down right at the start and stayed down, responding to reports of more snow in parts of the winter wheat belt.

A few corn deliveries also managed to inch higher.

Wheat closed 1/4¢ lower to 3/4¢ higher, corn 1/4¢ lower to 1/4¢ higher, soybeans 1/4¢ lower to 1/4¢ higher.

Soybeans closed 1/4¢ lower and 1/4¢ higher to 27 cents a hundred pounds lower.

Snow weighed heavily on the new wheat futures. Many places in Kansas now have ample accumulations and additional snow is forecast for much of Nebraska, Kansas, Oklahoma and Texas.

A little demand developed for corn on the spot market, but the market was mostly quiet.

Cash corn receipts were light and prices firm.

After the market closed the government set 1955 corn acreage at 42,000,000 acres, down about 13 per cent from 1954.

Farmers did not comply very well with acreage allotments, but the government's compliance may depend on the new farm bill.

Easiness in soybeans largely reflected profit taking, although beans weren't helped by the USDA report placing bean stocks at all positions.

Denmark bought a small quantity of soybeans and Israel was granted \$23,400 to buy American cottonseed oil or soybean.

Both soybean oil and meal were a shade lower in the spot market.

# Russians Deny Invading Norway's Fishing Area

OSLO, Norway (AP) — Moscow radio Wednesday denied that Soviet travelers have been fishing in Norway's territorial waters and said the Soviet government has demanded immediate release of the 14 vessels seized by the Norwegian navy.

## Gen. Caffey Statements Are Probed

WASHINGTON (INS) — The Army launched a formal inquiry Wednesday into statements interpreted as favoring racial segregation by Maj. Gen. Eugene M. Caffey before the Georgia legislature Monday.

An Army announcement revealing the step said "no further comment will be forthcoming until a report is rendered by the inspector general of the Army."

Caffey is the Army's judge advocate general. The high-ranking officer returned earlier Wednesday from Georgia and again insisted to newsmen that his remarks had been "misinterpreted."

**Powell Demands**  
Dismissal of Caffey has been demanded by Rep. Adam Clayton Powell (D-N.Y.), because Caffey's statements were interpreted in some quarters as favoring racial segregation.

Army headquarters issued a statement following Caffey's return to Washington that "he states again that his sole intent was to compliment Rep. Flynn's ability to make a speech."

The general told the legislators that "if I were going to make a speech, I would hope to make one like that," referring to a pro-segregation talk by Rep. John J. Flynn Jr. (D-Ga.).

By telephone Monday night, Caffey told Army headquarters that his remarks were "misinterpreted" and he only intended to praise Flynn's speechmaking ability without endorsing the contents of the speech.

## Indian Payment Fund Is Slashed

WASHINGTON (AP) — A House subcommittee slashed sharply Wednesday funds proposed in legislation to compensate the Standing Rock Reservation Indians in South Dakota and North Dakota for damages resulting from building of Oahe Dam.

The bill, by Rep. Berry (R-S.D.) would have authorized payment of more than 26 million dollars to the Standing Rock Sioux Indians whose lands and property would be inundated by the Oahe reservoir. Amendments cut this to about 14 million.

The amount originally asked was \$10,370,663 for land and intangibles and 16 million for tribal rehabilitation purposes.

The broadcast appeared to be the Soviet reaction to the formal protest Norway has made against invasion of its northwestern waters by a fleet of about 75 trawlers from Russia last Sunday.

In three days, Norwegian torpedo boats intercepted and brought 14 of them to the port of Alesund. But each time the navy chased the Soviet fishing fleet beyond the four mile limit the Russians returned.

**No Comment**  
Norway's protest, ordered by Foreign Minister Halvard Lange, was delivered to the Soviet Foreign Ministry. Lange, who also is acting head of Norway's government in the absence of Premier Einar Gerhardsen, said he had no comment on the Moscow Radio report.

A Norwegian Foreign Office spokesman said Wednesday night no formal Soviet reply to Norway's protest had been received.

"Our immediate reaction to the Moscow statement is that it will be for the courts to decide whether the vessels seized have violated the boundary," he said. "Prosecution against the trawlers has started, and the cases will be dealt with according to Norwegian law."

**Estes Charges Benson Episode 'Childish' Politics**  
WASHINGTON (INS) — Sen. Estes Kefauver (D-Tenn.), accused Agriculture Secretary Ezra Taft Benson Wednesday of lending himself to a "childish political episode" in Chicago this week.

Kefauver said in a Senate speech the cabinet member was guilty of "huckstering" at the behest of publicity experts because he appeared at the Chicago Stockyards Tuesday to auction off a load of hogs.

Benson strode through Hog House No. 2 of the busy yards on a stop over of a farm belt swing. He refused to leave until he could sell a load of hogs at Tuesday's top of \$15.25 per hundred weight.

"Repulsive" was Kefauver's word for it. He added that "Secretary Benson's performance under the seat now held by Sen. Morse (D-Ore.), Harlan Peyton, GOP National committeeman for Washington said Wednesday.

"Doug McKay is a logical candidate and the best bet for the Republicans," Peyton said. "He is intimately acquainted with the issues of the campaign and I feel sure he would be acceptable to the voters of Oregon."

McKay is a former governor of Oregon. Republican plans in Oregon received a setback Tuesday with the death of Gov. Paul L. Patterson, who had announced he would try to unseat Morse.

## Mother Hopeful Lourdes Shrine Will Cure Son, 7

PARIS (AP) — A St. Joseph, Mich., mother arrived in France Wednesday with her luckless son, full of hope that he can be helped by visits to the Shrine of Our Lady of Lourdes.

In Paris en route to Lourdes, Mrs. Helen Eckman, 33, said she is "very optimistic" that her 7-year-old son, Randy, will be made better at the shrine.

Randy was wearing a green hooded coat and carrying a model airplane.

Mrs. Eckman, a Lutheran, said she knew it was unusual for a Protestant to go to a Roman Catholic shrine. "But I had read an awful lot about it in magazines, and one night while sitting in a show I just decided to go."

Mrs. Eckman said residents of St. Joseph "turned the town upside down" to raise \$2,320 to finance the trip.

## Assistant Gage County Agent Succeeds Cain

Lincoln Star Special  
BEATRICE, Neb. — Harold Van De Riet, assistant Gage County agent since January, 1955, has submitted his resignation in order to accept a position as county agent of Saline County with headquarters at Wilber.

In making the announcement, Van De Riet expressed appreciation for the co-operation he has received while in Gage County as assistant to Robin A. Spence. His duties have included supervision of 51 4-H clubs in the county with 325 members and assisting the county agent in other work.

Van De Riet will assume his new duties March 1. Saline County has been without an agent since the recent resignation of J. V. Cain.

## McKay Is Backed For Race Against Oregon's Morse

SPOKANE, Wash. (AP) — Secretary of Interior Douglas McKay will be urged to seek the Republican senatorial nomination for the seat now held by Sen. Morse (D-Ore.), Harlan Peyton, GOP National committeeman for Washington said Wednesday.

"Doug McKay is a logical candidate and the best bet for the Republicans," Peyton said. "He is intimately acquainted with the issues of the campaign and I feel sure he would be acceptable to the voters of Oregon."

McKay is a former governor of Oregon. Republican plans in Oregon received a setback Tuesday with the death of Gov. Paul L. Patterson, who had announced he would try to unseat Morse.

## Uniform Ad Commission Is Ended

... Consent Decree

NEW YORK (AP) — The American Assn. of Advertising Agencies Wednesday agreed to drop a system that allegedly channeled national advertising through about 1,000 agencies at a fixed commission of 15 per cent.

The AAAA signed a consent decree, filed in Federal District Court here, as settlement of its part in an antitrust suit. Five other defendants have filed general denials of the charges and the suit still pends against them.

The AAAA said in the consent decree that it was innocent of any violation of the antitrust laws, but agreed to stop certain practices which the government contended were in restraint of trade.

**Slocum Comments**  
Another defendant, the American Newspaper Publishers Assn., said through its president, Richard W. Slocum, that the AAAA consent decree does not affect its position. "A consent decree is a polite term for a continuing injunction and the parties controlled by it are subject to contempt proceedings at the will of the Justice Department," Slocum said. "That is not the kind of spot newspaper publishers should voluntarily put themselves into."

Slocum said newspaper publishers have an obligation to resist any governmental encroachment on freedom of the press and continue to print news "which some government officials would like kept in the closet."

**Continuing Threat**  
No administration, Slocum said, should "seek such power of continuing threat against the press." He said the ANPA, while denying the charges, would continue to seek a settlement of the litigation "which places foremost the vital public interest of an unthreatened press."

The other defendants are the Publishers Assn. of New York City; Associated Business Publications, Inc.; Periodical Publishers Assn. of America; and Agricultural Publishers Assn.

The government suit charged the AAAA and the others with maintaining a system whereby only "recognized" advertising agencies received agency commissions. This, the government said, made it difficult for nonmember agencies to compete for business.

## Scottsbluff Manager Taking Over Feb. 20

SCOTTSBLUFF, Neb. (INS) — Scottsbluff's new city manager, Carsten Leikvold of Mound, Minn., is slated to take over his new duties Feb. 20.

Leikvold succeeds T. E. Thompson who submitted his resignation last November.

## THE IRRESISTIBLE FORCE MUST HAVE BEEN A MOTHER

By ADE TOFFEY  
Cook County News-Herald

GRAND MARAIS, Minn. (AP) — She left her three children at the cabin with her husband. Despite her condition, she went by dogteam down Saganaga Lake from the Canadian side to the Jack Richardson place. There she planned to get a ride by snowmobile across the lake.

The snowmobile was out of order. She started to hike on snowshoes across the frozen lake. She walked nearly three miles in the subzero cold.

**Got A Ride**  
A snowmobile happened by, picked her up and gave her a ride. They were winter fishermen using the propeller-driven sled to push them along.

George Plummer met her with a car and gave her a two-mile ride to Russell Blankenburg's lodge, only to find that the Gunflint Trail—all 56 miles of it to

## Alexander Pleads Innocent In Killing, Burying 2nd Wife

CASPER, Wyo. (INS) — James Alexander, 48-year-old Casper man accused of killing his second wife and burying her body in concrete pleaded innocent Wednesday at his arraignment.

District Judge S. J. Lewis ordered Alexander to the County Jail and set bond at \$10,000.

Alexander and his first wife, Rose, are charged with murder of Barbara Alexander, whose body was dug from the basement of their home by police on Dec. 5.

Rose was arrested at first and claimed that Barbara was killed in an accidental fall. She said she had buried the body and had not told her husband.

Rose is now free on \$10,000 bond. Her husband was arrested Jan. 10 when he posted her bond.

District Attorney Raymond Whitaker said he may call 90 witnesses against Alexander when he comes to trial, probably in March or April.

## 2 Nationalist Jets Shot Down—Reds

TOKYO (Thursday) (AP)—Peiping Radio said Red China shot down two Nationalist fighter planes and damaged another over the mainland coastal area on Jan. 29 and 30, respectively.

The broadcast said four F84 Nationalist fighters flew over Tungshan Island on Jan. 29 and two were shot down by anti-aircraft guns.

The radio also said one of four F84s which attacked Swatow Jan. 30 was damaged.

# Nobody Running Against Ike, Kefauver In N.H. Primary

CONCORD, N.H. (AP)—President Eisenhower and Sen. Kefauver (D-Tenn.) winners of the 1952 New Hampshire presidential primary, will have no competition in this year's March 13 popularity contest.

But their supporters will have to fight back. Sen. Knowland (R-Calif.) and Adlai Stevenson for control of the state's delegations to the national political conventions.

The resulting ballot battle will draw nationwide interest as the first test of voter sentiment in this presidential campaign year.

The filing deadline for additional starters in the preference poll phase of this state's first in the nation primary passed at 5 p.m. Wednesday.

As expected, the lists closed with no opposition for Eisenhower and Kefauver.

The preference poll—or popularity contest—is by law, merely "advisory" for the convention delegates, who are elected in a separate section of the two-pronged primary ballot.

Knowland, Senate minority leader, and Stevenson, Democratic standard-bearer in 1952, refused to enter the preference poll and both

have declined to take any active role in the New Hampshire campaign.

**Not Discouraged**

But this hasn't discouraged their boosters here.

Although the deadline for delegate candidates doesn't come until Feb. 11, three pro-Knowland candidates have already filed and they say there will be a complete slate favorable to the Californian.

The Knowland forces include many supporters of the late Sen. Taft (R-Ohio) whom Eisenhower defeated in the 1952 primary.

Knowland himself was in Manchester, the state's largest city, last Sunday and made it clear he will not discourage the limited effort in his behalf.

**Stevenson Camp**

The Stevenson camp, which includes most of the state's local Democratic officeholders, has held several meetings and plans to announce its slate within the next few days.

The campaign began to warm up Wednesday with a charge by Kefauver supporters that political opponents of the tall Tennessean are

pouring "scurrilous literature" into the state.

"The dirty tactics of the discredited Crump political forces in Tennessee have appeared in New Hampshire," said Mrs. Myrtle McIntyre, one of Kefauver's leading backers and the state's Democratic national committeewoman.

Gov. Land Dwinell, leader of the Eisenhower forces, said, "The fact that no one saw fit to challenge the President in the preference poll is a further indication of the high regard which New Hampshire people have for him."

**Coldest Month**

KINGSTON, Jamaica (AP)—The Weather Bureau said January was the coldest month in 21 years. One minimum reading of 46 was recorded. Kingston has a mean temperature of 78.7 degrees.

## Don't blame your dentist if false teeth loosen up

Don't blame your dentist if false teeth loosen up—gums feel sore—can't eat solid food—afraid to laugh for fear plates will fall out. It's not your dentist's fault—Nature shrinks your gums. Then plates get loose—feel uncomfortable—plates go "clickety-click"—embarrassing. What to do? If you can't afford another set of teeth, get Snugg's brand Denture Cushions—a new soft plastic that relines loose false teeth in a jiffy. You do it yourself with a pair of scissors in the privacy of your own home. Snugg holds false teeth tight—grips gums like "living tissue". Always stays soft—never hardens and ruins plate—peels right out when replacement is needed. Harmless—easy to clean. Snugg eases sore gums when plates get loose and don't fit. So don't blame your dentist when gums shrink and dentures wobble. Get Snugg brand Denture Cushions today. 2 liners for upper or lower plate, \$1.50. At all druggists. Money back if not satisfied.

## Democratic Central Committee Asks State Change To Partisan Unicameral

Following is the complete text of a statement adopted by the Democratic Executive Committee Wednesday favoring creation of a partisan unicameral legislature:

"The fundamental principles of democracy are freedom and competition. The principles differentiate the free democratic peoples from the totalitarian, fascist and communist states. The principles of democracy and freedom have developed their own instruments and agencies for maintaining and exercising their principles of freedom. Most fundamental of all these agencies of political freedom is the two party system. The parties provide the competing political units. What ever strengthens the two party system invigorates the sinews of democracy and of freedom and insures the longevity of our free society.

"The two party system enables a people to formulate programs and put forth competing leaders to institute competitive programs from which the people may make a choice. It is this provision for choice with a 50-50 prospect of success that gives us a vigorous and vitalized government of the people, with anything less than this chance of success for popular efforts a popular government will languish and disappear. Thus the states with institutions that discourage the two party system have a gray and stagnating political society. Anything that will vitalize the two party system invigorates democracy.

"The logical place for the two party system to flourish is in the legislative branch of the government. The legislature has a multiple personnel and is a representative body. And if it be a representative body it should portray the po-

litical coloration of the voting districts that choose the members. A two party legislature has many advantages (1) Most important—a partisan legislature will represent the two major parties of the voters who elect it. (2) It establishes party responsibility for the programs that are proposed and enacted. (3) It provides a recognized loyal and critical opposition that gives courage and support to independent minds. The oldest representative democracy recognizes "His Majesty's loyal opposition"—the minority—as just as worthy and respectable as "His Majesty's government"—the majority. (4) The partisan legislature provides a training ground for leaders of both parties, and our democracies need above all else political leaders.

"The Nebraska Unicameral legislature is a bold and noble experiment in state legislatures. Our eighteen years of experience has demonstrated both its strength and its weaknesses. In the light of these years of experience the Executive Committee of the Democratic Party recommends that the following amendments be submitted to the voters of Nebraska.

"Amendment I—Art. III, sec. 6, shall be changed to read: The legislature shall consist of not more than seventy (now 50) members and not less than fifty (now 30) members.

"Amendment II—Art. III, sec. 7, sentences two and three shall read as follows: "Each member shall be nominated and elected by ballots indicating the political party or organization with which he is affiliated. The Legislature shall fix a modest and equitable remuneration for the services of its members, but no change in compensation shall become effective until the succeeding legislature has taken office."

## Russell Is Named Main Speaker For Irrigation Clinic
